STAFF COMMENTS AND BACKGROUND INFORMATION:

On January 5, 2022, City Council approved the Multi-jurisdictional Interlocal contract for the Advanced Transportation and Congestion Management Technologies Deployment US-95 Project Integrated Safety Technology Corridor Project, which provides funding for the Regional transportation Commission of Southern Nevada (RTC) to administer the Project.

This multi-jurisdictional interlocal contract with the RTC, City of North Las Vegas, City of Las Vegas, Boulder City, City of Mesquite, City of Henderson, and Clark County allows RTC to provide the local match funding to design, construct, operate, and evaluate various safety technologies along US-95 between I-515 and Summerlin Parkway. The RTC facilitates and funds this Project for all the entities.

The RTC approved Supplemental Interlocal Contract No. 1 on September 14, 2023 to change the project funding from Fund 72, Fuel Revenue Indexing, to Fund 05, Motor Vehicle Fuel Tax Fund due to a recent issuance of bond proceeds.
