STAFF COMMENTS AND BACKGROUND INFORMATION:

The Sloan Channel RCB Repair Project consists of the installation of impervious pipe in the existing reinforced concrete box running along the Sloan Channel alignment from the City’s Water Reclamation Facility (WRF) to the Las Vegas Wash and the construction of an overflow structure at the WRF.

At its October 18, 2023 meeting, City Council awarded the construction contract for the Sloan Channel RCB Repair Project to Las Vegas Paving, Inc. in the amount of \$10,375,000.

Construction Contract Change Order No. 1 will increase the construction contract amount for a necessary redesign and construction of a larger diversion structure, additional bypass during construction, and other appurtenances as necessary to complete the project. Change Order No. 1 increases construction conflict funds in the amount of \$500,000 increasing the construction contract total from \$10,375,000 to \$10,875,000.
