

# NorthSTAR Fund

## Vision

Our future is now! We will ensure the best conceivable community by securing solutions for its immediate and future challenges by bringing resources to identify pressing needs through public-private partnerships.

## Mission

To bring together government, businesses, philanthropists and non-profits in support of our community.

To provide practical solutions to tackle our most critical needs through the strength of public-private partnership, targeting the improvement of health, education and quality of life within our community.
