**STAFF COMMENTS AND BACKGROUND INFORMATION:**

The Regional Transportation Commission of Southern Nevada (RTC) provides public transportation, traffic operations and management, roadway design and construction funding, transportation planning, bike share, and regional planning efforts in Southern Nevada.

As the region's metropolitan planning organization (MPO), RTC is responsible for maintaining a continuing, cooperative, and comprehensive transportation planning process which ensures that transportation plans and programs incorporate public input, and that the region remains in compliance with federal transportation planning requirements.

As the MPO, RTC is responsible for developing and maintaining a regional transportation plan (RTP). The Let's Go 2050 RTP sets the region's long-term vision for transportation and guides federal transportation investments over the next 20+ years.
