**STAFF COMMENTS AND BACKGROUND INFORMATION:**

The City uses Oracle database, applications, and operating systems software. It supports many critical functions including finance and human resource systems, Geographical Information Systems (GIS), and public safety applications.

The annual renewals including maintenance, technical support and program updates to keep the software current and operating effectively. Included are required annual tax rules updates and 24/7 technical support.

The City has received quotes totaling \$583,220.59 for the core portion of the renewals due in June 2024.
