STAFF COMMENTS AND BACKGROUND INFORMATION:

The City had a study conducted on the state of education in North Las Vegas in 2022 that revealed numerous issues and challenges in schools in the City particularly. The City seeks to ensure that quality educational opportunities are available to all residents and that the issues and challenges including teacher shortages, funding shortages, classroom overcrowding, and a lack of resources for students with diverse learning needs can be addressed.

The City's understanding of the community and ability to adapt and meet the needs of residents makes it well-suited to undertake the responsibility of charter school sponsorship to ensure that the educational gaps in the community can be addressed through quality schools and educational opportunities for all students.

Passage of the resolution will enable staff to prepare and submit an application to the Nevada Department of Education to seek approval to become a municipal charter school sponsor of charter schools in the City of North Las Vegas.
