STAFF COMMENTS AND BACKGROUND INFORMATION:

Rubrik is a data management product that modernizes and simplifies backup, recover, disaster recover, and data archiving for servers, applications, databases and data across on-premises and in the cloud workloads.

As part of the infrastructure refresh project, Information Technology will be upgrading the Foundation Edition subscription to Enterprise Edition. The Enterprise Edition add-on will enable extra security services with anomaly detection, threat sensitive data monitoring, threat containment and threat hunting to add to the City's security posture. This agreement is using a competitive bidding exception pursuant to NRS 331.115(1)(h), software for computers.
