STAFF COMMENTS AND BACKGROUND INFORMATION:

The Brooks Maintenance Yard Project consists of demolition of the existing maintenance building located at 316 W. Brooks Ave., and construction of a new, 2-bay maintenance building that includes pavement rehabilitation, and other appurtenances required to construct a complete and functional project. The purpose of this Project is to have a building for the Parks and Recreation Department to maintain and service lawn mowers and spreaders.

AtkinsRéalis USA, Inc. is qualified and familiar with other projects located at this site and is favorably ranked for design services with the City. Consequently, AtkinsRéalis USA, Inc. will provide the professional design services for the Brooks Maintenance Yard Project.

Public Works staff negotiated the Professional Services Agreement with AtkinsRéalis USA, Inc. in the total not to exceed amount of \$480,122 for the design of the Brooks Maintenance Yard Project.

This Project is funded by the General Fund.
