PRESENTATIONS

Certificate of Recognition for the Business of the Month

COUNCIL ITEMS

Mayor Goynes-Brown stated you may notice hints of teal on us tonight and what we are wearing and it is just to recognize that November is Alzheimer's Awareness Month.

It is a time to heighten awareness about Alzheimer's disease and show support for the millions of Americans living with it. Today, my colleagues and I are wearing teal as it is the color of the Alzheimer's Foundation of America, or AFA. We support AFA's Light the World initiative and show solidarity all across the world in the fight against Alzheimer's disease. For more ways of supporting this initiative, please visit their website at <https://lighttheworldinteal.com/>.

Councilman Barron:

- Thank you to our Parks and Recreation team, especially the Neighborhood Recreation Center staff, for making this year's Trunk or Treat (October 28) event the largest and most successful it has ever been. Thank you to all our community partners and sponsors too.
- Segundo Eucentro Internacional de Escritores, Saturday, November 18, 1:00 P.M. – 5:00 P.M. NLV City Hall.

- Today, I am wearing teal to show support to millions of people affected by Alzheimer's. According to CDC, Alzheimer's disease is one of the top 10 leading causes of death in the United States. In 2020, an estimated 5.8 million American aged 65 years or older had Alzheimer's disease. This number is projected to nearly triple to 14 million people by 2060.

Councilman Cherchio:

- To add to **Councilman Barron's** statement, many people living with Alzheimer's disease are cared for at home by family members. Although most people willingly provide care to their loved ones and friends, caring for a person with Alzheimer's disease can be a difficult task and may become overwhelming at times. I am wearing teal to show support to families and caregivers of people with Alzheimer's.
- 9th Annual Armed Forces Military and First Responders Appreciation Day last October 21.
- Certificates of Appreciation presented to Paws in the Park volunteers last week, October 25.
- Mayor's Principal Appreciation Breakfast today, November 1.

Mayor Pro Tempore Black:

- As we celebrate Alzheimer's Awareness Month, I would like to thank and recognize the Alzheimer's Foundation of America and other organizations who provide support, services, and education to individuals, families and caregivers affected by Alzheimer's disease and related dementias nationwide, and fund research for better treatment care and cure.
- The Harvest Fest Trunk or Treat event at Silver Mesa Recreation Center (October 21) was very successful.
- The Career Week at Simmons Elementary School (October 19), in partnership with Workforce Connections and five construction trade unions, was equally successful.
- The Road Equity Alliance Project is currently holding an art display at our Stone Soup Art Center, outside the Council Chambers. This traveling art show runs until year end. The art work being showcased were created by students who participated in this year's Save A Life, student win a MacBook poster contest and who were ranked in the top 30, out of more than 300 entries.

Councilwoman Garcia-Anderson:

- I am wearing teal in honor of those we have lost to Alzheimer's. Let us come together as a community to show support and recognize the millions of Americans who are living with the impact of this condition every day.
- Tour of Beauty Society with **Mayor Goynes-Brown** on October 24.
- La Bonita Trunk or Treat, October 26
- Greater Westside Historic Preservation Society Field Trip to Mormon Fort, October 28.

- Zion United Methodist Church Pies & Fries Event, November 4
- Nevada Latino History Project at Latin Chamber, November 7.

PUBLIC HEARINGS

26. **AMP-06-2023** (Losee/Elkhorn Project) for Applicant: Losee Elkhorn Properties, LLC to Request an Amendment to the Comprehensive Master Plan to Change the Land Use Designation from Mixed-Use Neighborhood to Multi-Family Residential, Located Approximately 670 Feet East of the Northeast Corner of Losee Road and Clark County 215. (Ward 4-Cherchio) (For Possible Action; Recommendation – Approve)

John Sullivan 1980 Festival Plaza Drive, on behalf of the applicant provided a brief overview of the project, and display a site map of the area of consideration. The application, the property itself is located about 700ft east of the corner of Losee and 215. It is six parcels on just over 53 gross acres. They are seeking an amendment to the Comprehensive Master Plan, the land use element to go from a Mixed-Use Neighborhood to Multifamily Residential. As you can see here with the properties, they are right by the VA hospital, the proposed UNLV campus, the proposed Helius medical campus, and then the newly proposed casino as well. Within this northern development area, there is a couple of specific policies that are addressing work life and uses within the area to which this land use will make perfect sense.

[4:33 P.M.] **Mayor Goynes-Brown** opened the public hearing for testimony. No testimony was provided.

27. **AMP-08-2023** (Azure & Commerce) for Applicant: FOR Nevada Development, LLC to Request an Amendment to the Comprehensive Master Plan to Change the Land Use Designation from Mixed-Use Commercial to Single Family Medium, Located at the Northeast Corner of Commerce Street and Azure Avenue. (Ward 4-Cherchio) (For Possible Action; Recommendation – Approve)

Jeremiah Johnson with TNT Engineering, on behalf of the applicant 6030 South Jones Boulevard stated that he would provide a combined presentation for Item Nos 27 and 28, as they are related. They are requesting a Tentative Map for a 33-lot residential subdivision on 4.25 gross acres. They are located north of Asher Avenue and east of Commerce Street and are requesting a Comprehensive Plan Amendment from a Mixed-Use Commercial to Single Family Medium, and a property reclassification from RE to RCL.

The zoning is similar to the density to the zoning to the north, east, south and west. They have lots that range in size from 3,600ft² to 4,376ft² with an average lot size of 3,601ft². The community does have a 13,375 square foot of amenities open space area. They have included a barbecue gazebo, benches and a dog weigh station and believe that this is a great addition to the community. They had a neighborhood meeting and the neighbors were really excited to see this parcel get developed and cleaned up.

He stated that he has worked with **Councilman Cherchio** as well as appreciate staff's recommendation for approval.

[4:40 P.M.] **Mayor Goynes-Brown** opened the public hearing for testimony.

City Clerk Jackie Rodgers stated the City did receive one response card in opposition to the project.

29. **ZN-10-2023 and Ordinance No. 3193;** An Ordinance Related to Zoning; Adding the Urban Agriculture Overlay District (UA) to 5.29 Acres in an R-1, Single-Family Low-Density District, and a C-1, Neighborhood Commercial District, (ZN-10-2023, Zion UMC) for Property Located at 2108 Revere Street and Providing for Other Matters Properly Relating Thereto. (Ward 2-Garcia-Anderson) (For Possible Action; Recommendation – Approve; Pass and Adopt)

Amber Bosket, Director of Urban Agriculture Technical Assistance at the Zion Urban Farm and also attending today, **Pastor Linda Stanley, Director of the Zion Urban Farm, Irene and Henry**, members of the farm. **Sabina Malik** is from the **University of Nevada Reno Extension**, and she's in support here. Additionally, **Corrie Bosket and Nathan Bosket, Kevin Bell, Johnny Hampton and Jasmine**, and they are all here we are. This is the Zion AG team.

Zion United Methodist Church began a partnership with the city of North Las Vegas in 2016 to help promote the growth of urban agriculture in in the community. Some of the activities that have grown out of that, and started with the Zion Choice Neighborhood Community Garden Park. A walkway was space for a walkway was put in. Some of the garden beds had started fencing a pavilion and things like that to start opening up opportunities for the community to come, use the space and have access to health and wellness opportunities. She stated the group wish to speak about the overlay today; opening up things like the farm stand, the farmer's market, promoting educational opportunities and enabling for the growth of structures such as greenhouses and tool sheds, which will promote that growth and increase community access to higher yields.

[4:43 P.M.] **Mayor Goynes-Brown** opened the public hearing for testimony. No testimony was provided.

Professor Sabina Malik 2108 Revere St, North Las Vegas, Nevada UNR at Clark County Extension, working in healthy food systems, research and programing. She serves on the Governor's Council on Food Security, and chair the Southern Nevada Food Council. We are a group of diverse stakeholders working from multiple angles to improve access to fresh fruits and vegetables. Many of our programs at extension focus on nutrition, education, on how to lead a healthier lifestyle to prevent chronic diseases that are more and more prevalent today.

We continue to teach people that the best way to prevent disease and improve mental wellness is through meeting nutrition needs. However, we are met with blockades of ensuring equity for all southern Nevada residents to be able to access nutritious options, hindering their ability to make the healthy choice.

There is immense data showing the connection between food insecurity with anxiety and depression. Further, there's data connecting nutrition security with mental health. Many programs set up to make grocery store produce more affordable are so popular in southern Nevada and well utilized that funding for them runs out before the end of the year. This is showing that the demand for healthy food is high and the needs are not being met. The ability to grow fresh, affordable and nutritious food locally is a much more substantial and long-term solution to ensuring access to produce. The area around Zion Farm is has been designated by USDA as tracts of low income and low access to affordable, nutritious food, most commonly referred to as a food desert.

Amber Bosket stated their project at the Zion Urban Farm focuses on advanced urban agriculture and integrates high tech components such as hydroponics and uses sustainable methods that integrate water conservation for growing fruits, fruits and vegetables in a very sustainable way. **Dr. Malik** did a great job of just kind of running down why it's so important. She reiterated how important it is, especially in reference to how much of a food desert surrounded by the highest food insecurity rates in southern Nevada. So, there is no access to fresh food retailers in this area is very limited.

Corrie Bosket with Energy Tree 2108 Revere Street, North Las Vegas, Nevada 89030 wish to add to the comments about the exercise abilities that the farm is going to offer. We have a walking track that goes around and a lot of greener spaces, especially with the tree canopy. So, this will also be able to bring a lot of exercise and movement, mental health, all that good stuff that goes along with it. It is just another aspect that they are developing right now

Ms. Rodgers stated the City received one response card in support of the project.

[4:56 P.M.] **Mayor Goynes-Brown** closed the public hearing.

30. **ZN-24-2021 and Ordinance No. 3194;** An Ordinance Related to Zoning; Amending Ordinance No. 3099 by Amending a Previously Approved 4.5 ± Acre PUD / PID, Planned Unit Development / Planned Infill Development District, (ZN-24-2021, Dorrell and Commerce) to Allow a 30-Lot, Single Family Residential Development with an Existing Multi-Tower Telecommunication Facility for Property Located at the Northwest Corner of Dorrell Lane and Commerce Street and Providing for Other Matters Properly Relating Thereto. (Ward 4-Cherchio) (For Possible Action; Recommendation – Approve; Pass and Adopt)

John Sullivan 1980 Festival Plaza Drive, Las Vegas, NV on behalf of the applicant provided a brief overview stating the application before Council is a straight-forward application that has already been approved. The Tentative Map has also been approved, and that this is a zoning change to allow what was previously duplexes to become 30 single family homes. There is no change to the Tentative Map, no change to the streets or the landscaping. That it is really a product change to provide single-family homes. It has the existing multi tower cell facility here, open space. It has an excess of open space over 20,000ft² where 15,000 is required. And the plan for the homes is the Lennar Project. The plan for the homes is two story, two car garage homes that will range from 1565 to 17, 24ft².

CITY MANAGERS REPORT

Dr. Juden reported on the Halloween activities within the community stating at 4:00 when our team members and kids, as well as other kids in the community started showing up, it was really pretty amazing to see all the work that our departments did on the various floors preparing them for the kids and to see all the kids super little to some that probably need to not be doing trick or treating anymore but just enjoying it.

We had the Halloween contest yesterday. They want to congratulate all the award winners. He recalled a few years ago when it was a pretty small affair, there was just a couple people that people weren't really sure if they should if they were allowed to dress up or not or should dress up or not.

It was really great to see the culture changes here within the city and with staff and just all the work that HR has done, as well as Colton and his team have done to just really bring some great events for our committee of staff members, the Best Committee that worked together to really build culture here in the city. It was a great event. Next year would be even better than this year's event.
