**STAFF COMMENTS AND BACKGROUND INFORMATION:**

With federal funding come certain administrative and financial management requirements. Accepting federal funding also obligates the organization to observe an extra measure of due diligence with regard to federal laws that may require changes in practice. The general rule is that no person who is an employee, agent, consultant, member of the Board of Directors or Advisory Board, or officer who exercises any functions or responsibilities with respect to expending grant funds or who are in a position to participate in a decision making process with regard to such activities, may obtain a financial interest or benefit from a City of North Las Vegas-funded activity or have a financial interest in any contract, subcontract, or agreement with respect to this City of North Las Vegas-funded project.
