B. Federal Award Performance Goals

Federal Award Performance Goals. The BLM must include in the Federal award an indication of the timing and scope of expected performance by the non-Federal entity as related to the outcomes intended to be achieved by the program. In some instances (e.g., discretionary research awards), this may be limited to the requirement to submit technical performance reports (to be evaluated in accordance with Federal awarding agency policy). Where appropriate, the Federal award may include specific performance goals, indicators, milestones, or expected outcomes (such as outputs, or services performed or public impacts of any of these) with an expected timeline for accomplishment. Reporting requirements must be clearly articulated such that, where appropriate, performance during the execution of the Federal award has a standard against which non-Federal entity performance can be measured. The BLM may include program-specific requirements, as applicable. These requirements should be aligned with agency strategic goals, strategic objectives or performance goals that are relevant to the program. **See also OMB Circular A-11, Preparation, Submission and Execution of the Budget Part 6 for definitions of strategic objectives and performance goals.**

The project implementation will include crucial steps to ensure adherence to federal terms and conditions and successful scope completion. Implementation activities include the following:

Program income that the non-Federal entity did not anticipate at the time of the Federal award must be used to reduce the Federal award and non-Federal entity contributions rather than to increase the funds committed to the project. Program income generated through the performance of this project must be reported on Standard Form (SF) 425, Federal Financial Report (see section 6. PERFORMANCE, FINANCIAL, AND OTHER REPORTING).
2. **2 CFR§200.307(e)(2) Addition** - Program income may be added to the Federal award by the Federal agency and the non-Federal entity, and be used for the purposes and under the conditions of the Federal award. F. Indirect Costs

1. The recipient has not requested reimbursement for indirect costs.

G. Payment by Reimbursement

1. Payment will be made by draw-down reimbursement through the Department of the Treasury, Automated Standard Application for Payment (ASAP) System. See following website: <http://www.fms.treas.gov/asap> Treasury Circular 1075 (31 CFR 205) requires that draw-downs to a recipient organization shall be limited to the minimum amounts needed and shall be timed to be in accordance with the actual, immediate cash requirements of the recipient organization in carrying out the purposes of the approved program or project. The timing and amount of cash advances shall be as close as is administratively feasible to the actual disbursements by the recipient organization for direct program or project costs and the proportionate share of any allowable indirect costs
2. Funds that are available from repayments to and interest earned on a revolving fund, program income, rebates, refunds, contract settlements, audit recoveries, credits, discounts, and interest earned on any of those funds, must be disbursed before requesting additional cash payments.

1. ASAP Draw Down Requirements for SNPLMA Projects:

- Prior to requesting an ASAP drawdown, the Recipient shall send an email to the appropriate program specific PO (aka SNPLMA Program Manager) and e-copy the BLM representatives identified below, with the amount of funding to be drawn down **at least 3 days before** requesting the ASAP draw down. If the ASAP draw down request contains multiple projects by the Recipient, the Recipient shall provide the PO a list of the projects to draw down funds separated by agreement number and amount.
 - Michelle Leiber, mleiber@blm.gov - PO/SNPLMA Program Manager for the Parks, Trails, and Natural Areas (PTNA) and Multi-Species Habitat Conservation Plan (MSHCP) categories; **and e-copy**
 - Amy Lee, alee@blm.gov – SNPLMA Sr. Accountant, BLM National Operations Center (NOC);
 - Gary Thompson - gthompso@blm.gov – SNPLMA Accountant, BLM NOC; and
 - Robert Wandel, rwandel@blm.gov – SNPLMA Assistant District Manager, BLM SNPLMA Division.
- An ASAP draw down will be made only in the amount(s) necessary to meet the current reimbursement needs. The GMO and PO may request additional information to support the drawdown of funding. The drawdown of funding may not commence until the additional documentation or justification is received. The PO will confirm the Recipient may complete the draw down via email.

- An ASAP draw down can occur as frequently as needed. The Recipient shall make every effort to stay within the quarterly projections submitted to the PO through the SMART database, however, if the recipient needs to draw down more funding than previously projected, the Recipient will provide justification via email to the PO prior to initiating the ASAP draw down request.
- The Recipient must retain documentation to support all ASAP draw downs, organized by draw down. Failure to retain the appropriate level of documentation to support the draw down may result in a determination that the reimbursement, or certain costs within the reimbursement, is/are not allowable or allocable to the federal award.
- Approval to complete a drawdown of funding does not imply the expenditures are allowable or allocable. The GMO and/or the PO will complete progress and final financial file reviews to determine the allowable and allocable costs to the federal award. Expenditures that are determined to be unallowable or unallocable after disbursement will be deducted from the next draw down request.
- At the completion or termination of the Agreement, unused funding shall be returned through ASAP to the BLM. This must be completed within the 120-day payment period following the performance period end date.

H. Payment Review, If a recipient has a history of poor performance, financial instability, uses a management system not meeting standards prescribed by the Uniform Administrative Requirements, has not conformed to the terms and conditions of the award, and/or is not otherwise responsible in safeguarding Federal funds, they may be determined to be "high risk" and be placed on Agency Review. Agency Review limits a recipient's access to funds by requiring that all draw-down requests reviewed and approved prior to their being released. Recipients on agency review must submit a completed Standard Form (SF) 270 Request for Advance Payment or Reimbursement for each payment requested along with a detailed explanation of how the costs correspond to the approved budget categories as listed on their Application for Federal Assistance SF-424A Budget Information and their Detailed Budget Breakdown. Being put on Agency Review does not relieve the recipient of required financial or performance reporting requirements.

- I. System for Award Management (SAM, www.SAM.gov) Recipients of Federal financial assistance must maintain current registration with the System for Award Management (SAM, www.SAM.gov). Failure to maintain registration can impact access to funds and future obligations under this agreement and any other financial assistance or procurement award the recipient may have with the Federal government.

V. PERFORMANCE AND FINANCIAL MONITORING

- A. In accordance with 2 CFR §200.328 Financial Reporting and §200.329 Monitoring and Reporting Program Performance, the recipient is responsible for oversight, monitoring, and reporting of its activities under Federal awards to assure compliance with applicable Federal requirements and that performance expectations are being achieved. The BLM's monitoring of the recipient's activities may include review of the award file including discussions with the recipient regarding reporting, award activities, and project status (desk reviews), analysis of financial and performance reports, and discussions of specific issues related to project implementation, observation of project activity, and review of planned versus actual progress (site visits). The BLM has the right to inspect and evaluate the work performed or being performed under this agreement, and the premises where the work is being performed, at all reasonable times and in a manner that will not unduly delay the work. If the BLM performs inspection or evaluation on the premises of the recipient or a sub-recipient, the recipient shall furnish and shall require sub-recipients to furnish all reasonable facilities and assistance for the safe and convenient performance of these duties.
- B. BLM programmatic monitoring addresses the content and substance of the program. It is a qualitative review to determine performance, innovation, and contributions to the field. The BLM may make site visits as warranted by program needs. In addition, the BLM has the right of timely and unrestricted access to any books, documents, papers, or other records of the recipient's that are pertinent to the award, in order to make audits, examinations, excerpts, transcripts, and copies of such documents. This right also includes timely and reasonable access to recipient personnel for the purpose of interviews and discussions related to such documents.

- C. BLM financial monitoring ensures compliance with financial guidelines and general accounting practices. On-site or internal financial reviews are conducted to determine if:
1. award recipients are properly accounting for the receipt and expenditures of federal funds;
 2. expenditures are in compliance with federal requirements and award special conditions; and
 3. proper documentation on financial monitoring activities is prepared, maintained, and distributed as appropriate.

Failure to comply with the reporting requirements included in this agreement may be considered a material non-compliance with the terms and conditions of the award. Non-compliance may result in withholding of future payments, suspension or termination of the agreement, recovery of funds paid under the agreement, and withholding of future awards. 6. Additional pertinent information including, when appropriate, analysis and explanation of cost overruns or high unit costs.

- B. Recipient/Subrecipient Personnel Security and Suitability Requirements:
1. As implemented by Homeland Security Presidential Directive-12 (HSPD-12), if performance of this agreement requires recipient/subrecipient personnel to have a Federal government-issued Personal Identity Verification (PIV) credential before being allowed unsupervised access to a DOI facility and/or information system, the Program Officer will be the sponsoring official, and will make the arrangements through a DOI Access Card Sponsor for personal identity verification and DOI Access Card issuance.
 2. At least two weeks before start of agreement performance, the recipient must identify all recipient and subrecipient personnel who will require physical and/or logical access for performance of work under this agreement. Physical Access means routine, unescorted or unmonitored access to non-public areas of a Federally-controlled facility. Logical Access means routine, unsupervised access to a Federally-controlled information system. The recipient and subrecipient must make their personnel available at the place and time specified by the Program Officer in order to initiate screening and background investigations. The following forms, or their equivalent, may be used to initiate the credentialing process:

- a) OPM Standard Form 85 or 85P
 - b) OF-306
 - c) National Criminal History Check (NCHC) (local procedures may require the fingerprinting to be done at a police station; in this case, any charges are to be borne by the recipient or subrecipient, as applicable)
 - d) Release to Obtain Credit Information
 - e) PIV Card Application (web-based)
3. Before starting work under this agreement, a National Criminal History Check (NCHC) will be initiated to verify the identity of the individual applying for clearance and to determine the individual's suitability for the position. If the NCHC adjudication is favorable, a DOI Access Card will be issued for that individual. If the adjudication is unfavorable, the credentials will not be issued and the recipient or subrecipient must make other arrangements for performance of the work. In the event of a disagreement between the recipient/subrecipient and the Government concerning the suitability of an individual to perform work under this agreement, DOI shall have the right of final determination.
4. Recipient and subrecipient employees must give, and authorize others to give, full, frank, and truthful answers to relevant and material questions needed to reach a suitability determination. Refusal or failure to furnish or authorize provision of information may constitute grounds for denial or revocation of credentials. Government personnel may contact the recipient or subrecipient personnel being screened or investigated in person, by telephone or in writing, and the recipient or subrecipient must ensure they are available for such contact.
5. Alternatively, if an individual has already been credentialed by another agency through the Office of Personnel Management (OPM), and that credential has not yet expired, further clearance may not be necessary. In that case, the recipient/subrecipient must provide the sponsoring office with documentation that supports the individual's credentialed status.

6. Recipient and subrecipient employees who have been successfully adjudicated will be issued DOI Access Cards, which must be activated at a USAccess Credentialing Center. Those Recipient or subrecipient employees not located within a reasonable travel time of a USAccess Credentialing Center will be screened and issued alternate credentials, such as temporary access badges.
 7. During performance of this agreement, the recipient must keep the Program Officer apprised of changes in personnel to ensure that performance is not delayed by compliance with credentialing processes. Cards that have been lost, damaged, or stolen must be reported to the Program Officer, Grants Management Officer, and Issuing Office within 24 hours. If reissuance of expired credentials is needed, it will be coordinated through the Program Officer.
 8. At the end of this agreement's performance, or when a recipient/subrecipient employee is no longer working under this agreement, the recipient will ensure that all identification cards are returned to the Program Officer.
- C. Federal Information Systems Security Awareness Training. Before the recipient, or any of its employees or subrecipients, are granted access to the BLM Federal computer system, they must first successfully complete the U.S. Department of the Interior's (DOI) Federal Information Systems Security Awareness Online Course. This course was designed specifically for users of Federal computer systems. The course is a Web-based training product that explains the importance of Information Systems Security and takes approximately one hour to complete. This course is mandatory for all DOI employees, contractors, recipients, and all other users of DOI computer resources. Topics covered in the course include: threats and vulnerabilities, malicious code, user responsibilities, and new developments affecting Information Systems Security.
- D. Conflicts of Interest
1. Applicability:

- a) This section intends to ensure that non-Federal entities and their employees take appropriate steps to avoid conflicts of interest in their responsibilities under or with respect to Federal financial assistance agreements.
- b) In the procurement of supplies, equipment, construction, and services by recipients and by subrecipients, the conflict of interest provisions in 2 CFR §200.318 apply.

2. Requirements:

- a) Non-Federal entities must avoid prohibited conflicts of interest, including any significant financial interests that could cause a reasonable person to question the recipient's ability to provide impartial, technically sound, and objective performance under or with respect to a Federal financial assistance agreement.
- b) In addition to any other prohibitions that may apply with respect to conflicts of interest, no key official of an actual or proposed recipient or subrecipient, who is substantially involved in the proposal or project, may have been a former Federal employee who, within the last one (1) year, participated personally and substantially in the evaluation, award, or administration of an award with respect to that recipient or subrecipient or in development of the requirement leading to the funding announcement.
- c) No actual or prospective recipient or subrecipient may solicit, obtain, or use non-public information regarding the evaluation, award, or administration of an award to that recipient or subrecipient or the development of a Federal financial assistance opportunity that may be of competitive interest to that recipient or subrecipient.

3. Notification:

- a) Non-Federal entities, including applicants for financial assistance awards, must disclose in writing any conflict of interest to the DOI awarding agency or pass-through entity in accordance with 2 CFR § 200.112, Conflicts of Interest.
 - b) Recipients must establish internal controls that include, at a minimum, procedures to identify, disclose, and mitigate or eliminate identified conflicts of interest. The recipient is responsible for notifying the Financial Assistance Officer in writing of any conflicts of interest that may arise during the life of the award, including those that have been reported by subrecipients.
- 4. Restrictions on Lobbying. Non-Federal entities are strictly prohibited from using funds under this grant or cooperative agreement for lobbying activities and must provide the required certifications and disclosures pursuant to 43 CFR Part 18 and 31 USC 1352.
- 5. Review Procedures. The Financial Assistance Officer will examine each conflict of interest disclosure on the basis of its particular facts and the nature of the proposed grant or cooperative agreement, and will determine whether a significant potential conflict exists and, if it does, develop an appropriate means for resolving it.
- 6. Enforcement. Failure to resolve conflicts of interest in a manner that satisfies the Government may be cause for termination of the award. Failure to make required disclosures may result in any of the remedies described in 2 CFR § 200.338, Remedies for Noncompliance, including suspension or debarment (see also 2 CFR Part 180).

-
- E. Federal Information Systems Security Awareness Training. Before the recipient, or any of its employees or subrecipients, are granted access to the BLM Federal computer system, they must first successfully complete the U.S. Department of the Interior's (DOI) Federal Information Systems Security Awareness Online Course. This course was designed specifically for users of Federal computer systems. The course is a Web-based training product that explains the importance of Information Systems Security and takes approximately one hour to complete. This course is mandatory for all DOI employees, contractors, recipients, and all other users of DOI computer resources. Topics covered in the course include: threats and vulnerabilities, malicious code, user responsibilities, and new developments affecting Information Systems Security.
- F. Marketing, Publications and Communications. Any outreach, marketing or communication activities, which may include BLM funding, staff or equipment, or the use of the BLM logo, must be approved by the Communications Director or the Communications Director's designee of BLM Colorado prior to initiating work done as a result of the activities, project or program supported through this agreement. This includes any form of communication, whether in print, video, or other type of electronic format.
- G. Access. In the event of a site/facility closure, the Recipient shall not perform or make deliveries to the site/facility until it is reopened by the Government, unless otherwise instructed by the Grants Management Officer or Program Officer.
- H. Prohibition on Providing Funds to the Enemy:
1. The recipient must:
 - a) Exercise due diligence to ensure that none of the funds, including supplies and services, received under this grant or cooperative agreement are provided directly or indirectly (including through subawards or contracts) to a person or entity who is actively opposing the United States or coalition forces involved in a contingency operation in which members of the Armed Forces are actively engaged in hostilities, which must be completed through 2 CFR §180.300 prior to issuing a subaward or contract and;

- b) Terminate or void in whole or in part any subaward or contract with a person or entity listed in SAM as a prohibited or restricted source pursuant to subtitle E of Title VIII of the NDAA for FY 2015, unless the Federal awarding agency provides written approval to continue the subaward or contract.
 - 2. The recipient may include the substance of this clause, including paragraph (a) of this clause, in subawards under this grant or cooperative agreement that have an estimated value over \$50,000 and will be performed outside the United States, including its outlying areas.
 - 3. The Federal awarding agency has the authority to terminate or void this grant or cooperative agreement, in whole or in part, if the Federal awarding agency becomes aware that the recipient failed to exercise due diligence as required by paragraph (a) of this clause or if the Federal awarding agency becomes aware that any funds received under this grant or cooperative agreement have been provided directly or indirectly to a person or entity who is actively opposing coalition forces involved in a contingency operation in which members of the Armed Forces are actively engaged in hostilities.
- I. Incorporates the Special Terms and Conditions required by Buy America as required by Section 70914 of the Bipartisan Infrastructure Law (also known as the Infrastructure Investment and Jobs Act), P.L. 117-58.
 - 1. Buy America Domestic Procurement Preference:
 - a) As required by Section 70914 of the Bipartisan Infrastructure Law (also known as the Infrastructure Investment and Jobs Act), P.L. 117-58, on or after May 14, 2022, none of the funds under a federal award that are part of Federal financial assistance program for infrastructure may be obligated for a project unless all of the iron, steel, manufactured products, and construction materials used in the project are produced in the United States, unless subject to an approved waiver. The requirements of this section must be included in all subawards, including all contracts and purchase orders for work or products under this program.

- b) Recipients of an award of Federal financial assistance are hereby notified that none of the funds provided under this award may be used for a project for infrastructure unless:
 - (1) all iron and steel used in the project are produced in the United States--this means all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States;
 - (2) all manufactured products used in the project are produced in the United States—this means the manufactured product was manufactured in the United States; and the cost of the components of the manufactured product that are mined, produced, or manufactured in the United States is greater than 55 percent of the total cost of all components of the manufactured product, unless another standard for determining the minimum amount of domestic content of the manufactured product has been established under applicable law or regulation; and
 - (3) all construction materials are manufactured in the United States—this means that all manufacturing processes for the construction material occurred in the United States.
- 2. The Buy America preference only applies to articles, materials, and supplies that are consumed in, incorporated into, or affixed to an infrastructure project. As such, it does not apply to tools, equipment, and supplies, such as temporary scaffolding, brought to the construction site and removed at or before the completion of the infrastructure project. Nor does a Buy America preference apply to equipment and furnishings, such as movable chairs, desks, and portable computer equipment, that are used at or within the finished infrastructure project, but are not an integral part of the structure or permanently affixed to the infrastructure project.

For further information on the Buy America preference, please visit www.doi.gov/grants/BuyAmerica. Additional information can also be found at the White House Made in America Office website: www.whitehouse.gov/omb/management/made-in-america/.

3. Waivers. When necessary, recipients may apply for, and the Department of the Interior (DOI) may grant, a waiver from these requirements, subject to review by the Made in America Office. The DOI may waive the application of the domestic content procurement preference in any case in which it is determined that one of the below circumstances applies:
 - a) Non-availability Waiver: the types of iron, steel, manufactured products, or construction materials are not produced in the United States in sufficient and reasonably available quantities or of a satisfactory quality;
 - b) Unreasonable Cost Waiver: the inclusion of iron, steel, manufactured products, or construction materials produced in the United States will increase the cost of the overall project by more than 25 percent; or
 - c) Public Interest Waiver: applying the domestic content procurement preference would be inconsistent with the public interest.
4. There may be instances where an award qualifies, in whole or in part, for an existing DOI general applicability waiver as described at: www.doi.gov/grants/BuyAmerica/GeneralApplicabilityWaivers. If the specific financial assistance agreement, infrastructure project, or non-domestic materials meets the criteria of an existing general applicability waiver within the limitations defined within the waiver, the recipient is not required to request a separate waiver for non-domestic materials.

If a general applicability waiver does not already apply, and a recipient believes that one of the above circumstances applies to an award, a request to waive the application of the domestic content procurement preference may be submitted to the financial assistance awarding officer in writing. The waiver shall not include any Privacy Act information, sensitive data, or proprietary information within their waiver request. Waiver requests will be posted to www.doi.gov/grants/buyamerica and are subject to public comment periods of no less than 15 days. Waiver requests will also be reviewed by the Made in America Office. Waiver requests shall include the below information:

- a) Type of waiver requested (non-availability, unreasonable cost, or public interest);
- b) Requesting entity and Unique Entity Identifier (UEI) submitting the request;
- c) Department of Interior Bureau or Office who issued the award;
- d) Federal financial assistance listing name and number (reference block 2 on DOI Notice of Award);
- e) Financial assistance title of project (reference block 8 on DOI Notice of Award);
- f) Federal Award Identification Number (FAIN);
- g) Federal funding amount (reference block 11.m. on DOI Notice of Award);
- h) Total cost of Infrastructure expenditures (includes federal and non-federal funds to the extent known);
- i) Infrastructure project description(s) and location(s) (to the extent known);
- j) List of iron or steel item(s), manufactured goods, and construction material(s) the recipient seeks to waive from Buy America requirements. Include the name, cost, countries of origin (if known), and relevant [PSC](#) or [NAICS](#) code for each;
- k) A certification that the recipient made a good faith effort to solicit bids for domestic products supported by terms included in requests for proposals, contracts, and nonproprietary communications with the prime contractor;
- l) A statement of waiver justification, including a description of efforts made (e.g., market research, industry outreach) by the recipient, in an attempt to avoid the need for a waiver. Such a justification may cite, if applicable, the absence of any Buy America-compliant bids received in response to a solicitation; and

- m) Anticipated impact if no waiver is issued.

Approved waivers will be posted at www.doi.gov/grants/BuyAmerica/ApprovedWaivers; recipients requesting a waiver will be notified of their waiver request determination by an awarding officer.

Questions pertaining to waivers should be directed to the financial assistance awarding officer.

J. Additional Access to Recipient Records:
