Re: *Justification Letter – Special Use Permits for Commercial Development*
APN: 124-17-415-004

To Whom It May Concern:

Please be advised this firm represents the Applicant, Aliante Med, LLC, in the above referenced matter. The Applicant is requesting approval of special use permits to allow for drive-thru restaurants and a tavern within a commercial shopping center generally located near the northwest corner of Aliante Parkway and Elkhorn Road (the “Site”), within the Aliante Master Planned Community. The Site is more particularly described as Assessor’s Parcel Number 124-17-415-004 and is approximately 3.5 acres.

The Site is accessible from two driveways on Aliante Parkway and two driveways on Elkhorn Road, through cross access with the adjacent parcels to the south. The proposed commercial shopping center consists of three (3) pads. Pad 1, situated in the southeast portion of the Site, consists of a fast food restaurant with a drive-thru (2,538 square feet), a cafe (1,506 square feet), and a tavern (3,566 square feet), totaling 7,644 square feet. Pad 2, located on the western portion of the Site, is a 6,815 square-foot retail space. Pad 3, near the northeast corner of the Site, is a 2,230 square-foot fast food restaurant with a drive-thru. Both drive-thrus have ample space for vehicle stacking, ensuring smooth traffic flow in the parking lot. Pad 1 and Pad 3’s drive-thrus have a vehicle stacking capacity of 10 and 15 cars, respectively, measured from the pick-up windows. Additionally, the speaker boxes at the drive-thrus are positioned at least 99 feet away from neighboring residential uses, exceeding the 50-foot separation requirement.

The Site is zoned C-1 MPC and sits just northwest of the Aliante Parkway and Elkhorn Road intersection. The C-1 neighborhood commercial district was established to provide goods and services for the convenience of the residents of the adjacent neighborhoods. Currently, there is a lack of convenient restaurant options in the area along Aliante Parkway, north of the 215. As the Tule Springs development is planned to be built to the east on Elkhorn Road, there will be a need for additional commercial services to support the neighborhoods north of the 215. Title 17.20.100, as of December 1, 2001, requires special use permits for the proposed convenience

food restaurant and tavern, bar, lounge or any other use or establishment which includes the “on sale” of alcoholic beverages.

Title 17.24.020.C.9 (a) and (b), as of December 1, 2001, set forth the special use conditions for a fast food restaurant, all of which are met:

- The parking areas for the fast food restaurants are set back a minimum of ten (10) feet from the residential zones to the north and west.
- Proposed interior curbs separating driving surfaces from sidewalks, landscaped areas and street right-of-ways are a minimum of six (6) inches high.
- A solid masonry wall and planting screen will separate Pad 3 from the use from residentially zoned property to the north. The residentially zoned property to the west of the property and the fast food restaurant use on Pad 1 is separated by a café, tavern, parking area, landscaping and a solid masonry wall.
- The drive-thru lane on for Pad 1 abuts two sides (the east and south side) of the building. The drive-thru lane for Pad 3 abuts one (1) side (the south side) of the building.

Title 17.24.020.C.18 (a) through (d), as of December 1, 2001, set forth the special use conditions for a tavern, bar or lounge use, all of which are met:

- There are no similar uses within 1,500 feet of the proposed tavern.

The Applicant respectfully requests your consideration of this application and approval of the same. Should you have any questions or require additional information, please do not hesitate to contact me.

Sincerely,

KAEMPFER CROWELL
