- 17. Participating Municipality Shared Services Agreement Among The Campus for Hope Foundation, Clark County, and the Cities of Henderson, Las Vegas, and North Las Vegas. (Citywide) (For Possible Action; Recommendation – Approve and Authorize)

City Manager Micaela Moore introduced the agreement to Council. During the 2023 Nevada State Legislative Session, Assembly Bill 528 (AB528) was created, establishing a program to provide matching funds to certain qualified projects related to the prevention of homelessness and provision of assistance to persons who are experiencing homelessness. The program offers \$100 million of matching funds from the state, which is made available to participating municipalities. The City of North Las Vegas, along with Clark County, the City of Las Vegas, and the City of Henderson, are working closely with the Campus of Hope

Foundation to determine how this influx of funds would impact homelessness prevention.

Clark County Manager Kevin Schiller gave a brief history of what the County has focused on regarding homelessness prevention. He said the County is statutorily required to provide social services, which is federally funded.

The Campus for Hope is focused on a transitional housing component of about 900 units that work as an entry point into the system allowing for shorter drop off times for law enforcement. It creates the ability to interface with a homeless client, stabilize them, keep them in the system, and also try to get them out of the system.

Mayor Goynes-Brown expressed her concern regarding how other homelessness prevention non-profits in the region will work with the Campus for Hope Foundation. She also asked if there is any work being done to determine the cause for why certain individuals find themselves in a situation needing homeless services. **Mr. Schiller** stated the reasons for homelessness are substance abuse, mental health, and eviction. Regarding the other non-profits interacting with Campus for Hope, **Mr. Schiller** stated they will work together to ensure proper services are delivered.

Councilwoman Garcia-Anderson thanked Mr. Schiller for his presentation and expressed her excitement in collaborating with the County. She asked regarding transportation for clients to access the center. **Mr. Schiller** stated that is one of the key pieces in terms of access to the center and in terms of transitional housing. **Councilwoman Garcia-Anderson** asked about sustainability for the center and whether it is able to bill Medicaid for its services. **Mr. Schiller** responded stating that Medicaid could be billed, but that the client would first need to be enrolled; it is a small percentage. Finally, **Councilwoman Garcia-Anderson** asked that since homelessness prevention is a regional effort, is there any discussion around forming a board with representation from each city. **Mr. Schiller** was not able to confirm, but mentioned audits are performed regularly.

Mayor Pro Tem Black stated that because the County has the statutory responsibility to provide the bulk of the social services in the community and he felt it was appropriate that the County be in the lead position of organizing the Campus for Hope Foundation. He then asked when the foundation will formally be introduced to the public. **Mr. Schiller** estimated 1.5-2 years for opening and the shared services agreement is the formal announcement to the public.

Councilman Cherchio thanked Mr. Schiller for the presentation inquired about the location of the foundation. **Mr. Schiller** stated it would be what is referred to as the Sam's Campus on Charleston, which consists of some land and existing buildings. **Councilman Cherchio** asked how the units would be allocated, if it was based on city size or by need. **Mr. Schiller** responded stating the decision had not been determined yet but the numbers related to what the needs in each respective jurisdiction will be reviewed.

Mayor Goynes-Brown recognized **Assistant City Managers Rebecca Gipson** and **Sally Moore** for their efforts in bringing the agreement to Council. She also mentioned it is best for the City of North Las Vegas to align with the County in this regard and she thanked Mr. Schiller for his presentation.
