STAFF COMMENTS AND BACKGROUND INFORMATION:

On December 10, 2020, the City Manager approved an Agreement with Sunrise Engineering, Inc. to provide design services for the Brooks Avenue Fire Training Center Improvements Project. The proposed improvements require the installation of NV Energy facilities at Brooks Avenue to provide service to the project site.

The Rule 9 Line Extension Agreement with NV Energy will fund the cost of the NV Energy improvements. Pursuant to NRS 332.115(1)(c), competitive bidding is not recommended because the provisions of service and additional facilities can be more efficiently achieved by NV Energy.
