STAFF COMMENTS AND BACKGROUND INFORMATION:

As part of the unified communications capital improvement project and keeping In line with the City's goals of continually improving technologies for departments, the City is aiming to migrate its existing Google Workspace service to the Microsoft 365 ecosystem. This transition will empower the City's frontline and administrative users to have more effective communication and creative tools. With the migration to Microsoft 365, the City will now have tools for mobile device management/provisioning, eDiscovery for legal holds, new retention schedules to adhere to City policies, and more advanced analytical tools. This purchase will be for the licensing of the Microsoft 365 software and services that will be required for the migration. This Agreement is made pursuant to NRS 332.195.
