**STAFF COMMENTS AND BACKGROUND INFORMATION:**

The City desires to purchase traffic LED lights to replenish its existing inventory in use at Traffic Operations. This purchase is not adapted to award by competitive bid because the traffic LED lights are equipment that are compatible with the City’s existing inventory of replacement parts for traffic LED lights. To ensure that the traffic lights, when replaced, are consistent throughout the City, it is necessary for the City to purchase these specific traffic LED lights using a competitive bidding exception pursuant to NRS 332.115(1)(d).
