PUBLIC FORUM

Chairman Koury opened the meeting to receive public comment. The following individual provided comments.

Cody Stover, with the Regional Transportation Commission, 6750 via Austin Parkway, Las Vegas, NV 89119 stated the RTC is conducting a study in the area surrounding Nellis Air Force Base. While the study goes into next year, the more important thing right now is a survey that we are doing and there is a QR code here that can be shared with your community members, your friends and family. Basically, we just want to know anything that could be done around Nellis Air Force Base. Basically they are asking the city to share this information with the public as it accessible via the QR code. Whether you want a new red light put in more transit options, the good, and the bad. We want to hear about it. It is open until November 22, 2023. Another way that you can help is if you have any interest in joining our community working group. We do have another one of those, as it is all virtual.

ADJOURNMENT

Chairman Koury adjourned the meeting. Meeting was adjourned at 6:57 P.M.
