**STAFF COMMENTS AND BACKGROUND INFORMATION:**

Section 2.102 of the North Las Vegas Charter permits the City Council to "convey and dispose of property, wherever situated." The apparatus will provide an additional resource for the Alamo, Nevada Volunteer Fire Department and enable them to fill SCBAs on scene of emergencies. The Fire Department has placed this twenty-five year old equipment out of service and replaced it with a new apparatus.

NRS 41.03365 provides immunity to any municipality who donates equipment to a volunteer fire department for damages caused by that equipment.
