1. MASTER AGREEMENT NATIONAL CONTRACT

The City of Kansas City, Missouri, as the Principal Procurement Agency, defined in Attachment A, has partnered with OMNIA Partners to make the resultant contract (also known as the "Master Agreement" in materials distributed by OMNIA Partners) from this solicitation available to other public agencies nationally, including state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit ("Public Agencies"), through OMNIA Partners' cooperative purchasing program. The City of Kansas City, Missouri is acting as the contracting agency for any other Public Agency that elects to utilize the resulting Master Agreement. Use of the Master Agreement by any Public Agency is preceded by their registration with OMNIA Partners (a "Participating Public Agency"). Attachment A contains additional information about OMNIA Partners and the cooperative purchasing agreement.

OMNIA Partners is the largest and most experienced purchasing organization for public and private sector procurement. Through the economies of scale created by OMNIA Partners public sector subsidiaries, National IPA and U.S. Communities, our participants now have access to more competitively solicited and publicly awarded cooperative agreements. The lead agency contracting process continues to be the foundation on which we are founded. OMNIA Partners is proud to offer more value and resources to state and local government, higher education, K-12 education and non-profits.

OMNIA Partners provides shared services and supply chain optimization to government, education and the private sector. As a channel partner with Vizient (formally, Novation), OMNIA Partners leverages over \$100 billion in annual supply spend to command the best prices for products and services. With corporate, pricing and sales commitments from the Supplier, OMNIA Partners provides marketing and administrative support for the Supplier that directly promotes the Supplier's products and services to Participating Public Agencies through multiple channels, each designed to promote specific products and services to Public Agencies on a national basis. Public Agencies benefit from pricing based on aggregate spend and the convenience of a contract that has already been advertised and publicly competed. The Supplier benefits from a contract that allows Participating Public Agencies to directly purchase goods and services without the Supplier's need to respond to additional competitive solicitations. As such, the Supplier must be able to accommodate a nationwide demand for services and to fulfill obligations as a nationwide Supplier and respond to the OMNIA Partners documents (Attachment A).

The City of Kansas City, Missouri anticipates spending approximately \$300,000 over the full potential Master Agreement term for Utility, Transportation and Golf Vehicles plus Related Accessories, Equipment, Parts and Services. While no minimum volume is guaranteed to the Supplier, the estimated annual volume of Utility, Transportation and Golf Vehicles plus Related Accessories, Equipment, Parts and Services purchased under the Master Agreement through OMNIA Partners Public Sector is approximately fifty (\$50) million. This projection is based on the current annual volumes among the City of Kansas City, Missouri, other Participating Public Agencies anticipated to utilize the resulting Master Agreement to be made available to them through OMNIA Partners, and volume growth into other Public Agencies through a coordinated marketing approach between the Supplier and OMNIA Partners.

15. SELECTION

The City will select the proposal that in the City's sole judgment the City determines to be the best Proposal. Section 432.070, RSMo requires the City to have a written executed contract signed by both parties prior to anyone performing services or providing any goods, supplies, materials or equipment to the City.

The written executed contract must also comply with the City Charter and City Ordinances.

This means that a proposer does not have a contract with the City until a written contract is *executed*. A contract is *executed* when all of the following have occurred: (1) the City Council authorizes the execution of a contract with the Proposer (if City Council approval is requested by City staff or is required by City Ordinance); (2) persons with actual authority to bind both the City and the Proposer execute the contract; (3) the contract is approved by the Law Department; (4) the City issues a purchase order to the Contractor with the Director of Finance's certification of availability of funds for the contract; and (5) any other required step.

A Proposer does not have a contract with the City until all the steps are completed.

If the City does not complete all required steps, there is no contract between the City and the Proposer and the City has absolutely no contractual or financial obligation to any Proposer regardless of the amount of time, effort and money spent by the Proposer responding to the RFP and attempting to negotiate and obtain a contract with the City.

16. REJECTION OF PROPOSALS

17. WAIVER OF ORDINANCES, REGULATIONS AND RFP REQUIREMENTS

- The City, at any time, may waive any requirements imposed in this RFP or by any City regulation.
- The City may waive any requirement imposed by the City's Code of Ordinances when failure to grant the waiver will result in an increased cost to the City and the requirement waived would be waived for all Proposers for this RFP and it is in the best interest of the City to grant the waiver.

18. LATE PROPOSALS

The City, in its sole discretion, may consider proposals received by the City after the proposal due date if it is in the best interest of the taxpayers of the City to receive the late proposal(s).

 - The City, in its sole discretion, may award additional contracts for related work or subsequent Project phases to the selected Contractor.
 - The City, in its sole discretion, may extend the term of the contract with the selected Contractor notwithstanding the expiration of the initial term or any subsequent term or all options to renew, until the City has a new contract in place with either Proposer or another provider or until the City terminates the Contract.
-

21. PROPOSER SOLELY RESPONSIBLE FOR ALL COSTS

Regardless of the amount of time, effort, cost and expense incurred by a Proposer in Proposer's attempt to win this City contract, Proposer agrees that Proposer shall be solely responsible and liable for any and all costs incurred by Proposer.

The City shall have no liability or responsibility for any of Proposer's costs or expenses.

- A Proposer may attempt to restrict the disclosure of scientific and technological innovations in which the Proposer has a proprietary interest, or other information that is protected from public disclosure by law, which is contained in the Proposal by marking each response of each such document prominently with the words "Proprietary Information";
- After either a contract is executed pursuant to the RFP, or all submittals are rejected, if access to documents marked "Proprietary Information", as provided above, is requested under the Missouri Sunshine Law, the City will notify the Proposer of the request, and it shall be the burden of the Proposer to establish that such documents are exempt from disclosure under the law.

- If the Proposer elects to challenge a formal request for such information made to the City and if the Proposer is unsuccessful in keeping such information closed, the Proposer shall pay for any and all costs, attorney fees and fines that are a result of Proposer's attempt to keep the information closed.
 - Notwithstanding the foregoing, in response to a formal request for information, the City reserves the right to release any documents if the City determines that such information is a public record pursuant to the Missouri Sunshine Law. The City shall have no liability to any Proposer or anyone else for releasing any Proprietary Information of a Proposer even if the City is negligent in releasing or disclosing any Proprietary Information of any Proposer.
-

If the City amends this RFP, Proposals submitted in response to the original RFP may remain closed records until a contract is executed or all proposals submitted in response to the amended RFP are rejected.

Proposals shall remain closed records even if the City mistakenly informs all Proposers that it is rejecting any and all Proposals prior to amending the RFP as long as the City intends to amend the RFP and resolicit Proposals.

1.1 Requirement

The City of Kansas City, MO (hereinafter defined and referred to as "Principal Procurement Agency"), on behalf of itself and the National Intergovernmental Purchasing Alliance Company, a Delaware corporation d/b/a OMNIA Partners, Public Sector ("OMNIA Partners"), is requesting proposals for Utility, Transportation and Golf Vehicles and Related Accessories, Equipment, Parts and Services. The Principal Procurement Agency has executed a Principal Procurement Agency Certificate with OMNIA Partners, an example of which is included as Exhibit D, and has agreed to pursue the Master Agreement. Use of the Master Agreement by any Public Agency is preceded by their registration with OMNIA Partners as a Participating Public Agency in OMNIA Partners' cooperative purchasing program. Registration with OMNIA Partners as a Participating Public Agency is accomplished by Public Agencies entering into a Master Intergovernmental Cooperative Purchasing Agreement, an example of which is attached as Exhibit C. The terms and pricing established in the resulting Master Agreement between the Supplier and the Principal Procurement Agency will be the same as that available to Participating Public Agencies through OMNIA Partners.

All transactions, purchase orders, invoices, payments etc., will occur directly between the Supplier and each Participating Public Agency individually, and neither OMNIA Partners, any Principal Procurement Agency nor any Participating Public Agency, including their respective agents, directors, employees or representatives, shall be liable to Supplier for any acts, liabilities, damages, etc., incurred by any other Participating Public Agency. Supplier is responsible for knowing the tax laws in each state.

This Exhibit A defines the expectations for qualifying Suppliers based on OMNIA Partners' requirements to market the resulting Master Agreement nationally to Public Agencies. Each section in this Exhibit A refers to the capabilities, requirements, obligations, and prohibitions of competing Suppliers on a national level in order to serve Participating Public Agencies through OMNIA Partners.

These requirements are incorporated into and are considered an integral part of this RFP. OMNIA Partners reserves the right to determine whether or not to make the Master Agreement awarded by the

Principal Procurement Agency available to Participating Public Agencies, in its sole and absolute discretion, and any party submitting a response to this RFP acknowledges that any award by the Principal Procurement Agency does not obligate OMNIA Partners to make the Master Agreement available to Participating Procurement Agencies.

1.3 Estimated Volume

The dollar volume purchased under the Master Agreement is estimated to be approximately \$50 million annually. While no minimum volume is guaranteed to Supplier, the estimated annual volume is projected based on the current annual volumes among the Principal Procurement Agency, other Participating Public Agencies that are anticipated to utilize the resulting Master Agreement to be made available to them through OMNIA Partners, and volume growth into other Public Agencies through a coordinated marketing approach between Supplier and OMNIA Partners.

1.4 Award Basis

The basis of any contract award resulting from this RFP made by Principal Procurement Agency will, at OMNIA Partners option, be the basis of award on a national level through OMNIA Partners. If multiple Suppliers are awarded by Principal Procurement Agency under the Master Agreement, those same Suppliers will be required to extend the Master Agreement to Participating Public Agencies through OMNIA Partners. Utilization of the Master Agreement by Participating Public Agencies will be at the discretion of the individual Participating Public Agency. Certain terms of the Master Agreement specifically applicable to the Principal Procurement Agency are subject to modification for each Participating Public Agency as Supplier, such Participating Public Agency and OMNIA Partners shall agree. Participating Agencies may request to enter into a separate supplemental agreement to further define the level of service requirements over and above the minimum defined in the Master Agreement (i.e. invoice requirements, order requirements, specialized delivery, diversity requirements such as minority and woman owned businesses, historically underutilized business, governing law, etc.). All purchase orders issued and accepted by the Supplier may survive expiration or termination of the Master Agreement. Participating Agencies' purchase orders may exceed the term of the Contract if the purchase order is issued prior to the expiration of the Contract. All Administrative Fees not paid when due shall bear interest at a rate equal to the lesser of one and one-half percent (1 1/2%) per month or the maximum rate permitted by law until paid in full.

15. Supplier shall maintain an accounting of all purchases made by Participating Public Agencies under the Master Agreement. OMNIA Partners, or its designee, in OMNIA Partners' sole discretion, reserves the right to compare Participating Public Agency records with Contract Sales Reports submitted by Supplier for a period of four (4) years from the date OMNIA Partners receives such report. In addition, OMNIA Partners may engage a third party to conduct an independent audit of Supplier's monthly reports. In the event of such an audit, Supplier shall provide all materials reasonably requested relating to such audit by OMNIA Partners at the location designated by OMNIA Partners. In the event an underreporting of Contract Sales and a resulting underpayment of Administrative Fees is revealed, OMNIA Partners will notify the Supplier in writing. Supplier will have thirty (30) days from the date of such notice to resolve the discrepancy to OMNIA Partners' reasonable satisfaction, including payment of any Administrative Fees due and owing, together with interest thereon in accordance with Section 13, and reimbursement of OMNIA Partners' costs and expenses related to such audit.

13. Sustainability

The City has adopted an overall policy supporting a greater use of "green solutions" or enhanced sustainability measures that consider environmental quality, social equity and economic vitality. In order to minimize waste, enhance efficiencies, and achieve multiple benefits and project synergies, all City projects must identify opportunities for sustainability improvements and implement those improvements when financially reasonable and operationally practical. Incorporate sustainability and efficiency into the planning, design, construction, operation and maintenance of the project. Highlight each component of the project that you feel deserves consideration in this context, and demonstrate how sustainability and efficiency are integrated into the project. If it is not possible to comprehensively integrate significant sustainability measures, then highlight elements you feel deserve consideration in this context.

1. Include a concise summary of your company's policies, strategies, and actions that demonstrate your philosophy and commitment to sustainability.

Our commitment to sustainability extends to the environmental impacts of our people, operations, and products and services. As a global enterprise leading the way to a more sustainable future, Ingersoll Rand is focused on heating, cooling and automating homes and buildings; enhancing industrial productivity; keeping transported food and perishables safe and fresh; and delivering efficient and reliable small transportation solutions. From the efficiency of our buildings to our progress in managing energy, water and waste, we continue to find ways to reduce the company's impact on the environment and embed sustainability throughout our businesses. For further details, please see our recently released [2018 ESG Report](#) and check out our newly announced [2030 Sustainability Commitment](#).

2. Describe how your Proposal will address the established City policies referenced in this RFP specific to the project or service on which you are proposing.

All of our Commercial and Transportation Utility vehicles use lead acid batteries. Lead acid batteries provide approximately 1000-2000 discharge cycles over the life of the battery if properly maintained. All Fleet cars as well as Consumer Vehicles use both Lead Acid Batteries and Lithium.

Lead Acid Battery information:

- Maintenance: Must be charged daily and properly watered (weekly) using only distilled water. They also must be washed monthly.
- Charging Time: Lead Acid batteries take longer to charge which increases the cost per charge
- Single Point Watering: Saves labor and filling time. Fills all batteries through a single port
- Battery Life: Shorter battery life (normal life 3-4 years depending on application) and decreasing performance over time.
- Warranty: Normal Lead Acid battery warranty is 4 years or specific Amperage Hours whatever comes first.

Lithium Battery Information: Cost significantly more than Lead Acid batteries however the many benefits they bring compared to Lead Acid Batteries covers much of the added cost.

Lithium-Ion battery Features and Benefits:

- Automotive Technology: Automotive design provides improved reliability and battery life.
- Maintenance: Needs daily charging but other than this, there is Virtually no maintenance what so ever.
- Longer Battery Life: Double the battery discharge cycles compared to Lead Acid. No Loss in power as batteries start to age. Battery life rated between 5-8 years (Depending on application).
- Electrical Savings: Electrical cost is up to 40% less when compared to a lead acid battery.
- Battery Charger: Charging time is 40%-50% less compared to Lead Acid Batteries.
- Warranty: Battery warranty is considerably longer when compared to Lead Acid.

17. ADDENDUM 3: Q & A

Here is a list of questions that were asked and answered in the 48 hours after the pre-proposal conference. The written questions deadline is July 10, 2019.

Q1: Can you please explain the administrative fee? What is the amount? Is it negotiable? Is it tiered? Etc. Thank you!

A1: The Admin fee is a set amount charged by OMNIA. The fee is 3%. The details regarding this fee are in section 10.1, exhibit A, under 1.2 Marketing, Sales and Admin Support. Let me know if you have further questions. Thanks.

Q2: Within RFP 360, is there an option to upload attachments?

A2: Yes, there is. You are able to drag and drop documents into the space provided after questions. You are also able to click on the "paperclip" icon located in the menu bar after each questions as well.

Q3: What documents will be required at the time of RFP submission?

A3: The E-verify affidavit will need to be submitted at the time you are submitting your RFP through RFP360. Insurance, sec of state etc. will not be required until a company is given an award.

Q4: Where do we find 9.1 OMNIA Partners Exhibit A-Response for National Cooperative Contract as stated in section 14 in the Scope of Work section? Is that at typo? Should it read 10.1 instead?

A4: You are correct. The section called out 9.1 should read as section 10.1. Sorry for the confusion. Thank you.

Q5: Will the MA be updated to include the fee that was mentioned during the call-in?

A5: The fee will not be added to the MA. This information is already in the RFP. It is located in Section 10.1 Exhibit A under 1.2, marketing, sales and admin support.

19. ADDENDUM 5: Q & A

Here is a list of questions that were received by the July 10, 2019 deadline.

Q1: Where are we able to upload information?

A1: Question 3 has been added in this section to allow an upload.

Q2: Where do you want us to attach our responses to the Scope of Work Section? Question 1 does not allow any attaching. Should we attach in question 2?

A2: Question 3 has been added in this section to allow an upload.

Q3: Where do you want us to attached our replies for all the items in OMNIA Partners Exhibit A? Question one do not allow any attachments.

A3: Question 3 has been added in this section to allow an upload.

Q4: CONTRACTOR under current contract with US Communities uses a published weighted average cost for shipping each model to every state in the USA as opposed to being subject to the "spot market" for freight. Given where most vehicles are sold, this has proven to be a very fair way to distribute transportation costs to all uses at a savings over individual shipping costs. We wish to continue to use that price model going forward so users can know and count on transportation costs. We have been asked by dealers to include a local delivery fee as well based on distance from the dealership to help recover costs in addition to a prep fee.

A4: The City of Kansas City is not able to address this question at this time. All negotiation items your company would like to submit in this RFP should be listed in your proposal response for each section. All emails sent with specific items or questions prior to the close of the RFP will be listed and answered via an addendum to all active respondents.

Q5: CONTRACTOR, the issuance of MSO's are for the purpose of registering titled vehicles. What we are reading suggests that an MSO /MCO is to be issued for all vehicles regardless of VIN type. We recommend and request a revision of the request to only require MSO's for 17-digit VIN labeled vehicles that are able to be registered thru motor vehicles departments. This will avoid unnecessary confusion and cost of producing non-essential documentation.

A5: The City of Kansas City is not able to address this question at this time. All negotiation items your company would like to submit in this RFP should be listed in your proposal response for each section. All emails sent with specific items or questions prior to the close of the RFP will be listed and answered via an addendum to all active respondents.

Q6: CONTRACTOR The issuance of Overhaul (and some service & repair) manuals should be done only after the receiving party has been factory trained on the vehicle or they absolve the manufacturer of any liability in conjunction with maintenance. Essentially, control module programming if done incorrectly by someone with a manual but no training can potentially put the operator/organization/etc at risk by changing key parameters incorrectly. We are certain that the request for information is valid but want also to set a requirement that the techs are trained to use the information. Further discussion required on this item."

A6: The City of Kansas City is not able to address this question at this time. All negotiation items your company would like to submit in this RFP should be listed in your proposal response for each section. All emails sent with specific items or questions prior to the close of the RFP will be listed and answered via an addendum to all active respondents.

Q7: CONTRACTOR The increase of the admin fee from 2% to 3% is concerning and we are requesting a revision to 2%. First, it is a 50% increase in fee. Second, it is 50% more cost than a competitive agreement possible making this contract less competitive. Third, as sales have risen, the admin fee paid by CONTRACTOR has continued to rise. Fourth, the timing of the increase in admin fee in conjunction with acquiring of the agreement by another party looks unsettling.

A7: The admin fee is set by OMNIA Partners. The existing contracts for this product/services were issued under U.S. Communities. Any additional concerns regarding this section should be included in your RFP submittal. All emails sent with specific items or questions prior to the close of the RFP will be listed and answered via an addendum to all active respondents.

Q8: CONTRACTOR Omnia requirement to attend shows. CONTRACTOR works with dealers all over the USA and we evaluate the cost benefit of each invitation to attend a show. Blanket approval to attend all invitations without a review is not something we can agree to. We do involve our dealers in the decision and attend the shows that fit our user groups whenever possible but retain the final decision to participate. As an example, a mayors show may not fit as well as a public purchasing official or fleet managers show where the use of electric vehicles is more suited to the audience. Shows need to provide value to the attendees and "reasonable assistance" is determined on a case by case basis (see NIGP language)."

A8: The City of Kansas City is not able to address this question at this time. All negotiation items your company would like to submit in this RFP should be listed in your proposal response for each section. All emails sent with specific items or questions prior to the close of the RFP will be listed and answered via an addendum to all active respondents.

Q9: CONTRACTOR The indemnification language is one sided requiring the vendor not only to indemnify against their actions but also against the cities actions. No insurance company we are aware of will write coverage for that unless they go to every site the contract is being used and rate and price their exposure. This is an impossible task. Essentially, if a vendor signs off on this and does not have the rating from their insurance company, KCMO is at risk because once their insurance company finds out what was done, they can decline coverage completely. What we offer as an alternative is cross indemnification where we each party indemnifies the other against their own actions. Please understand that this is in KCMO's best interest and is often misunderstood by many who see but don't understand what it really means. Thank you.

A9: The City of Kansas City is not able to address this question at this time. All negotiation items your company would like to submit in this RFP should be listed in your proposal response for each section. All emails sent with specific items or questions prior to the close of the RFP will be listed and answered via an addendum to all active respondents.

Q10: Our legal department is reviewing the agreements and want to know - if we submit proposed changes as part of the proposal or as a question?

A10: Please submit proposed changes to the agreement as part of your proposal. Thank you.

1. Do you acknowledge that you have read and understand the Addendum as stated?

True

- (b) CONTRACTOR's obligations under this Section with respect to indemnification for acts or omissions, including negligence, of CITY, shall be limited to the coverage and limits of insurance that CONTRACTOR is required to procure and maintain under this Contract. CONTRACTOR affirms that it has had the opportunity to recover all costs of the insurance requirements imposed by this Contract in its contract price.
- (c) CONTRACTOR shall defend, indemnify and hold harmless CITY from and against all third party claims to the extent caused by acts or omissions by CONTRACTOR. CONTRACTOR is not obligated under this Section to indemnify CITY for the sole negligence of CITY.
- (d) In no event shall the language in this Section constitute or be construed as a waiver or limitation of the CITY's rights or defenses with regard to sovereign immunity, governmental immunity, or other official immunities and protections as provided by the federal and state constitutions or by law.

Sec. 19. Indemnification for Professional Negligence. If this contract is for professional services, CONTRACTOR shall indemnify, and hold harmless CITY and any of its agencies, officials, officers, or employees from and against all third claims, damages, liability, losses, costs, and expenses, including reasonable attorneys' fees, to the extent caused by any negligent acts or omissions in connection with this Contract, caused by CONTRACTOR, its employees, agents, subcontractors, or caused by others for whom CONTRACTOR is liable, in the performance of professional services under this Contract. CONTRACTOR is not obligated under this Section to indemnify CITY for the negligent acts of CITY or any of its agencies, officials, officers, or employees.

Sec. 20. Insurance.

- (a) CONTRACTOR shall procure and maintain in effect throughout the term of this Contract insurance policies with coverage not less than the types and amounts specified in this Section. CONTRACTOR must have:
 - 1. Commercial General Liability Insurance Policy: with limits of \$1,000,000 per occurrence and \$2,000,000 aggregate, written on an "occurrence" basis. The policy shall be written or endorsed to include the following provisions:
 - a. Severability of Interests Coverage applying to Additional Insureds
 - b. Contractual Liability
 - c. Per Project Aggregate Liability Limit or, where not available, the aggregate limit shall be \$2,000,000.
 - d. No Contractual Liability Limitation Endorsement
 - e. Additional Insured Endorsement, ISO form CG20 10, current edition, or its equivalent.
 - 2. Workers' Compensation Insurance and Employers Liability Policies as required by Missouri law.
 - 3. Commercial Automobile Liability Insurance Policy: with a limit of \$1,000,000 per occurrence, covering owned, hired, and non-owned automobiles. The Policy shall provide coverage on an "any auto" basis and on an "occurrence" basis. This insurance

policy will be written on a Commercial Business Auto form, or acceptable equivalent, and will protect against claims arising out of the operation of motor vehicles, as to acts done in connection with the Contract, by CONTRACTOR.

4. If this Contract is for professional services, CONTRACTOR shall obtain Professional Liability Insurance with limits per claim and annual aggregate of \$1,000,000.
- (b) All insurance policies required in this Section shall provide that the policy will not be canceled until after the Insurer provides the CITY ten (10) days written notice of cancellation in the event that the cancellation is for CONTRACTOR's nonpayment of premiums and thirty (30) days written notice of cancellation to CITY for all other reasons of cancellation.
 - (c) The Commercial General and Automobile Liability Insurance Policies specified above shall provide that CITY and its agencies, agents, officials, officers, and employees, while acting within the scope of their authority, will be named as additional insureds for the services performed under this Contract. CONTRACTOR shall provide to CITY at execution of this Contract a certificate of insurance showing all required endorsements and additional insureds.
 - (d) All insurance policies must be provided by Insurance Companies that have an A.M. Best's rating of "A-V" or better, and are licensed or approved by the State of Missouri to provide insurance in Missouri.
 - (e) Regardless of any approval by CITY, CONTRACTOR shall maintain the required insurance coverage in force at all times during the term of this Contract. CONTRACTOR's failure to maintain the required insurance coverage will not relieve CONTRACTOR of its contractual obligation to indemnify the CITY pursuant to this Section of this Contract. In the event CONTRACTOR fails to maintain the required insurance coverage in effect, CITY may declare CONTRACTOR in default.
 - (f) In no event shall the language in this Section constitute or be construed as a waiver or limitation of the CITY's rights or defenses with regard to sovereign immunity, governmental immunity, or other official immunities and protections as provided by the federal and state constitutions or by law.

Sec. 21. Interpretation of the Contract.

- (a) CITY selected CONTRACTOR through a negotiated procurement process rather than an Invitation for Bids (IFB) solicitation. Unlike the IFB, this process allows the CITY and CONTRACTOR to discuss and negotiate a contract at arm's length prior to entering a final contract that is acceptable to both the CITY and the CONTRACTOR. After negotiation and discussion, CONTRACTOR and CITY have incorporated multiple documents into this Agreement and the meaning of some of the words used in the Agreement may be uncertain, incomplete or duplicative and the Agreement may promise something at one place and take that promise away at another. In sum, the Agreement may contain words and provisions that are susceptible of more than one meaning so that reasonable persons of average intelligence may fairly and honestly differ in their construction of the words and provisions. It is the intent of the CITY and the CONTRACTOR that the CITY's taxpayers receive the benefit or advantage in the construction and interpretation of this Agreement, regardless of the normal

judicial rules of contract construction even if the construction and interpretation of the Agreement will cost the CONTRACTOR more money and time. CITY and CONTRACTOR agree that CITY's Manager of Procurement Services shall resolve all disagreements as to the meaning of this Agreement or any ambiguity in this Agreement, in favor of the CITY and its taxpayers even if it will cost the CONTRACTOR more money and time. The decision of CITY's Manager of Procurement shall be final and conclusive if the Manager of Procurement Services acted in good faith.

- (b) CONTRACTOR acknowledges and agrees that the CITY has provided CONTRACTOR with an opportunity to have CONTRACTOR's attorney review and advise CONTRACTOR on the Agreement and any potential ambiguities or areas of disagreement and the potential adverse legal consequences of CONTRACTOR agreeing to this Section as well as the entire Agreement. CONTRACTOR certifies that CONTRACTOR has provided the CITY written notice of all ambiguities, conflicts, errors or discrepancies that it has discovered in the Agreement and the written resolution thereof by the CITY as embodied in this final Agreement is acceptable to CONTRACTOR.
- (c) CONTRACTOR certifies that CONTRACTOR has either (1) waived its right to have CONTRACTOR's attorney review this Section and Agreement; or (2) CONTRACTOR has consulted with an attorney on this Section and Agreement.
- (d) CONTRACTOR knowingly and voluntarily agrees to this Section and the entire Agreement. CONTRACTOR certifies that this contract was not procured by fraud, duress or undue influence.

Sec. 22. Contract Execution. This Contract may be executed in one or more counterparts, each of which will be deemed an original copy of this Contract and all of which, when taken together, will be deemed to constitute one and the same Contract. This Contract shall be effective upon the execution of counterparts by both parties, notwithstanding that both parties may not sign the same counterpart. The parties' signatures transmitted by facsimile or by other electronic means shall be proof of the execution of this Contract and shall be acceptable in a court of law.

Sec. 23. Guaranteed Lowest Pricing. CONTRACTOR certifies that this Contract contains CONTRACTOR's lowest and best pricing for all services supplied by CONTRACTOR to any government, governmental entity, political subdivision, city, state, school district or any other public entity in the United States as of the date of this Contract.

Sec. 24. Assignability and Subcontracting.

- (a) Assignability. Contractor shall not assign or transfer any part or all of Contractor's obligation or interest in this Contract without prior written approval of City. If Contractor shall assign or transfer any of its obligations or interests under this Contract without the City's prior written approval, it shall constitute a material breach of this Contract. This provision shall not prohibit contractor from subcontracting as otherwise provided for herein.
- (b) Subcontracting. Contractor shall not subcontract any part or all of Contractor's obligations or interests in this Contract unless the subcontractor has been identified in a format required by City. If Contractor shall subcontract any part of Contractor's obligations or interests under this

Contract without having identified the subcontractor, it shall constitute a material breach of this Contract. The utilization of subcontractors shall not relieve Contractor of any of its responsibilities under the Contract, and Contractor shall remain responsible to City for the negligent acts, errors, omissions or neglect of any subcontractor and of such subcontractor's officers, agents and employees. City shall have the right to reject, at any point during the term of this Contract, any subcontractor identified by Contractor, and to require that any subcontractor cease working under this Contract. City's right shall be exercisable in its sole and subjective discretion. City shall not be obligated to pay or be liable for payment of any monies which may be due to any subcontractor. Contractor shall include in any subcontract a requirement that the subcontractor comply with all requirements of this Contract in performing Contractor's services hereunder.

Sec. 25. Professional Services – Conflict of Interest Certification. If this Contract is for professional services other than for medical doctors or appraisers, CONTRACTOR certifies that CONTRACTOR is not an expert witness for any party in litigation against the CITY at the time of the issuance of this Contract.

Sec. 26. Intellectual Property Rights. CONTRACTOR agrees, on its behalf and on behalf of its employees and agents, that it will promptly communicate and disclose to CITY all computer programs, documentation, software and other copyrightable works ("copyrightable works") conceived, reduced to practice or made by CONTRACTOR or its agents, whether solely or jointly with others, during the term of this Contract resulting from or related to any work CONTRACTOR or its agents may do on behalf of CITY or at its request. All inventions and copyrightable works that CONTRACTOR is obligated to disclose shall be and remain entirely the property of CITY. It is agreed that all inventions and copyrightable works are works made for hire and shall be the exclusive property of CITY. CONTRACTOR hereby assigns to CITY any rights it may have in such copyrightable works. CONTRACTOR shall cooperate with CITY in obtaining any copyrights or patents.

Sec. 27. Minority and Women's Business Enterprises. RESERVED.

Sec. 28. Employee Eligibility Verification. CONTRACTOR shall execute and submit an affidavit, in a form prescribed by the CITY, affirming that CONTRACTOR does not knowingly employ any person in connection with the contracted services who does not have the legal right or authorization under federal law to work in the United States as defined in 8 U.S.C. §1324a(h)(3). CONTRACTOR shall attach to the affidavit documentation sufficient to establish CONTRACTOR's enrollment and participation in an electronic verification of work program operated by the United States Department of Homeland Security to verify information of newly hired employees, under the Immigration and Reform and Control Act of 1986. CONTRACTOR may obtain additional information about E-Verify and enroll at <https://e-verify.uscis.gov/enroll/StartPage.aspx?JS=YES>. For those CONTRACTORs enrolled in E-Verify, the first and last pages of the E-Verify Memorandum of Understanding that CONTRACTOR will obtain upon successfully enrolling in the program shall constitute sufficient documentation for purposes of complying with this section. CONTRACTOR shall submit the affidavit and attachments to the CITY prior to execution of the contract, or at any point during the term of the contract if requested by the CITY.

Sec. 29. Emergencies.

- (a) Disaster means any large scale event such as an act of terrorism, fire, wind, flood, earthquake or other natural or man-made calamity which results in, or has the potential to result in a significant loss of life or property.

- (b) During and after a disaster, CONTRACTOR shall provide special services to the CITY including CONTRACTOR shall open CONTRACTOR's facilities even on nights and weekends as necessary to meet the needs of the City during a disaster.
- (c) CONTRACTOR shall not charge CITY any fee for opening facilities during an emergency or for extending CONTRACTOR's hours of operation during a disaster. CITY shall pay CONTRACTOR the agreed upon contract prices for all purchases made by CITY during the disaster and CONTRACTOR shall not charge CITY any additional mark-up, fee or cost for any purchases made by CITY during a disaster.
- (d) CONTRACTOR shall quickly mobilize CONTRACTOR's internal and external resources to assist CITY when a disaster unfolds.
- (e) Extended hours and personnel. During disasters, CONTRACTOR's facilities shall stay open 24 hours if requested by the CITY. CONTRACTOR shall utilize additional CONTRACTOR personnel to take CITY orders if necessary. CONTRACTOR's Call Center shall accept phone orders 24 hours a day.
- (f) CONTRACTOR shall have contingency plans with CONTRACTOR's suppliers or dealers and distributors to provide additional supplies and equipment quickly to CITY as needed.
- (g) CONTRACTOR shall cooperate with CITY to properly document any and all expenses incurred by CITY with CONTRACTOR and CONTRACTOR shall assist CITY in meeting any and all documentation requirements of the Federal Emergency Management Agency (FEMA).

Sec. 30. Trade-In. If the solicitation requests a price or value for one or more pieces of equipment to be traded in as part of the purchase of new equipment, the CITY retains the option to purchase the new equipment at the full price or to reduce the price of the new equipment by the amount of the trade-in offered. The CITY is not obligated to accept the trade-in offer and may withdraw equipment offered for trade-in at any time up to award.

Sec. 31. Time of Delivery. Delivery is required to be made in accordance with the schedule shown in the solicitation and purchase order.

Sec. 32. F.O.B. Destination. Unless otherwise directed in the solicitation and purchase order, all deliveries shall be F.O.B. Destination and all freight charges shall be included in the total price. Supplies shall be delivered to the destination consignee's warehouse unloading platform, or receiving dock, at the expense of the CONTRACTOR. The CITY shall not be liable for any delivery, storage, demurrage, accessorial, or other charges involved prior to the actual delivery (or "constructive placement" as defined in carrier tariffs) of the supplies to the destination, unless such charges are caused by an act or order of the CITY acting in its contractual capacity. If rail carrier is used, supplies will be delivered to the specified unloading platform of the consignee. If motor carrier (including "piggy-back") is used, supplies will be delivered to truck tailgate at the unloading platform of the consignee. If the CONTRACTOR uses rail carrier or freight forwarder for less than carload shipments, he shall assure that the carrier will furnish tailgate delivery if transfer to truck is required to complete delivery to consignee. One of the following statements usually will appear on the purchase order, although others may be used.

- (a) F.O.B. Destination, Freight Prepaid by Seller. The seller pays and bears all freight charges.

- (b) F.O.B. Destination, Freight Prepaid and Charged Back on Invoice. The seller pays the freight and charges the CITY by adding it to the invoice.
- (c) F.O.B. Destination, Freight Collect. The CITY pays and bears the freight charges.
- (d) F.O.B. Destination, Freight Collect and Allowed on Invoice. The CITY pays the freight charges and deducts the amount from the seller's invoice.

Sec. 33. Quality. Unless otherwise required by terms of the solicitation, all goods, supplies, and materials furnished shall be new, in current production, and the best of their kind. When applicable, parts and maintenance shall be reasonably available. New equipment that is obsolete or technically outdated is not acceptable. Remanufactured or reconditioned items are not considered new. Items shall be properly packaged, packed, labeled, and identified in accordance with commercial standards acceptable to the trade and as required by ICC and other federal and state regulations. Packing slips will accompany the shipment.

Sec. 34. Price. Prices quoted are to be firm and final. All prices quoted shall be net and shall reflect any available discount except for discounts for timely payment. All prices are to be F.O.B. designated delivery point. All shipping, packing, and drayage charges are the responsibility of the supplier. C.O.D. shipments will not be accepted unless otherwise agreed to by the City.

Sec. 35. Brand Name or Equal. Whenever the name of the manufacturer or the supplier is mentioned on the face hereof and the words "or equal" do not follow, it shall be deemed that the words "or equal" shall follow such designations unless the face hereof specifies "no substitutions". The CITY may assume that items submitted are equal or it may request samples and proof thereof and unless approved before shipment, reserves right to return at the CONTRACTOR'S expense all items that are not acceptable as equals, said items to be replaced by the CONTRACTOR with satisfactory items at the original submitted price.

Sec. 36. Commercial Warranty. The CONTRACTOR agrees that the supplies or services furnished under this contract shall be covered by the most favorable commercial warranties the CONTRACTOR gives to any customer for such supplies or services and that the rights and remedies provided herein are in addition to and do not limit any rights afforded to the CITY by any other clause of this contract.

Sec. 37. Discounts.

- A. Prompt payment discounts offered for payment within less than twenty (20) calendar days will not be considered in evaluating proposals for award, unless otherwise specified in the solicitation. However, offered discounts of less than twenty (20) days will be taken if payment is made within the discount period, even though not considered in the evaluation of proposals.
- B. In connection with any discount offered, time will be computed from date of delivery of the supplies to the carrier when acceptance is at the point of origin, or from date of delivery at destination when delivery and acceptance is at destination, or from the date the correct invoice or voucher is received in the office specified by the CITY, if the latter is later than the date of delivery. Payment is deemed to be made for the purpose of earning the discount on the date of mailing of the CITY check.

- C. Any discount offered other than for prompt payment should be included in the net price quoted and not included in separate terms. In the event this is not done, the CITY reserves the right to accept the discount offered and adjust prices accordingly on the purchase order.

Sec. 38. Sellers Invoice. Invoices shall be prepared and submitted in duplicate to address shown on the purchase order. Separate invoices are required for each purchase order. Invoices shall contain the following information: purchase order number, item number, description of supplies or services, sizes, unit of measure, quantity, unit price, and extended totals.

Sec. 39. Inspection and Acceptance. Inspection and acceptance will be at destination unless specified otherwise, and will be made by the CITY department shown in the shipping address or other duly authorized representative of the CITY. Until delivery and acceptance, and after any rejection, risk of loss will be on the CONTRACTOR unless loss results from negligence of the CITY. CONTRACTOR will be notified of rejected shipments. Unless agreed otherwise, items will be returned freight collect.

Sec. 40. Loss and Damaged Shipments. Risk of loss or damage to items prior to the time of their receipt and acceptance by the CITY is upon the CONTRACTOR. The CITY has no obligation to accept damaged shipments and reserves the right to return at CONTRACTOR's expense damaged merchandise even though the damage was not apparent or discovered until after receipt of the items.

Sec. 41. Late Shipments. Supplier or CONTRACTOR is responsible to notify the CITY department receiving the items and the Senior Buyer of any late or delayed shipments. The CITY reserves the right to cancel all or any part of an order if the shipment is not made as promised.

Sec. 42. Tax Exemption - Federal and State.

- A. The CITY is exempt from Federal Excise and Transportation taxes on purchases under Chapter 32, Internal Revenue Code. The federal tax registration number issued by the St. Louis District Director on November 11, 1974 is No. 43740340K.
- B. The CITY is exempt from payment of Missouri Sales and Use Tax in Accordance with Section 39(10) Article 3, of the Missouri Constitution and Sections 144.040 and 144.615 RSMo 1969 and supplement thereto. A copy of the exemption from Missouri Sales and Use Tax is available upon request.

Sec. 43. Annual Appropriation of Funds.

- A. Multi-year term supply and service contracts and leases and the exercise of options to renew term contracts are subject to annual appropriation of funds by the City Council. Payments made under term contracts and leases are considered items of current expense. Purchase orders are funded when issued, therefore are current expense items and are not subject to any subsequent appropriation of funds.
- B. In the event sufficient funds are not appropriated for the payment of lease payments or anticipated term contract payments required to be paid in the next occurring lease or contract term and if no funds are legally available from other sources, the lease or contract may be terminated at the end of the original term or renewal term and the CITY shall not be obligated to make further payments beyond the then current original or renewal term. The CITY will

provide notice of its inability to continue the lease or contract at such time as the Manager of Procurement Services is aware of the nonappropriation of funds; however, failure to notify does not renew the term of lease or contract. If a lease is cancelled, the events of default will occur as described in the lease and/or the section titled TERMINATION FOR DEFAULT. The CITY has no monetary obligations in event of termination or reduction of a term contract since such contracts represent estimated quantities and are not funded as a contract, but only to the extent of purchase orders issued.

Use of the Master Agreement by any Public Agency is preceded by their registration with OMNIA Partners (a “Participating Public Agency”). Attachment A contains additional information about OMNIA Partners and the cooperative purchasing agreement.

OMNIA Partners is the largest and most experienced purchasing organization for public and private sector procurement.

Through the economies of scale created by OMNIA Partners public sector subsidiaries, National IPA and U.S. Communities, our participants now have access to more competitively solicited and publicly awarded cooperative agreements. The lead agency contracting process continues to be the foundation on which we are founded. OMNIA Partners is proud to offer more value and resources to state and local government, higher education, K-12 education and non-profits.

OMNIA Partners provides shared services and supply chain optimization to government, education and the private sector. As a channel partner with Vizient (formally, Novation), OMNIA Partners leverages over \$100 billion in annual supply spend to command the best prices for products and services. With corporate, pricing and sales commitments from the Supplier, OMNIA Partners provides marketing and administrative support for the Supplier that directly promotes the Supplier’s products and services to Participating Public Agencies through multiple channels, each designed to promote specific products and services to Public Agencies on a national basis. Public Agencies benefit from pricing based on aggregate spend and the convenience of a contract that has already been advertised and publicly competed. The Supplier benefits from a contract that allows Participating Public Agencies to directly purchase goods and services without the Supplier’s need to respond to additional competitive solicitations. As such, the Supplier must be able to accommodate a nationwide demand for services and to fulfill obligations as a nationwide Supplier and respond to the OMNIA Partners documents (Attachment A).

The City of Kansas City, Missouri anticipates spending approximately \$300,000 over the full potential Master Agreement term for Utility, Transportation and Golf Vehicles plus Related Accessories, Equipment, Parts and Services. While no minimum volume is guaranteed to the Supplier, the estimated annual volume of Utility, Transportation and Golf Vehicles plus Related Accessories, Equipment, Parts and Services purchased under the Master Agreement through OMNIA Partners Public Sector is approximately fifty (\$50) million. This projection is based on the current annual volumes among the City of Kansas City, Missouri, other Participating Public Agencies anticipated to utilize the resulting Master Agreement to be made available to them through OMNIA Partners, and volume growth into other Public Agencies through a coordinated marketing approach between the Supplier and OMNIA Partners.
