### **SECTION THREE REPRESENTATIONS AND WARRANTIES**

3.1. Provider represents and warrants for the benefit of City, in addition to any other representations and warranties made in this Agreement, with the knowledge and expectation of City's reliance thereon, as follows:

3.1.1. Provider is a duly formed and validly existing corporation and is in good standing pursuant to the laws of the State of Nevada and has the full power, authority and legal right to execute, deliver and perform under this Agreement.

3.1.2. The Products are now and shall be at the time of delivery free from any security interest, lien, or other encumbrance.

3.1.3. Provider is financially solvent, able to pay its debts as they mature, and possessed of sufficient working capital to perform all of its obligations under this Agreement.

3.1.4. The person executing this Agreement on Provider's behalf has the right, power, and authority to enter into this Agreement, and such execution is binding on the Provider.

3.1.5. All Services performed, including deliverables supplied, shall conform to the specifications, drawings, and other descriptions set forth in this Agreement, and shall be performed in a manner consistent with the level of care and skill ordinarily exercised by members of Provider's profession and in accordance with generally accepted industry standards prevailing at the time the Services are performed, and do not infringe the intellectual property of a third party. The foregoing representations and warranties are not intended as a limitation, but are in addition to all other terms set forth in this Agreement and such other warranties as are implied by law, custom, and usage of the trade.

3.2. The representations and warranties made by Provider survive the termination or expiration of the Agreement.

## **SECTION FOUR INSURANCE**

4.1. Provider shall procure and maintain, and shall cause each subcontractor, principal or agent to procure and maintain at all times the following insurance coverage for all work related to the performance of this Agreement:

4.1.1. Workers' Compensation Insurance as required by the applicable legal requirements, covering all persons employed in connection with the matters contemplated hereunder and with respect to whom death or injury claims could be asserted against the City or Provider.

4.1.2. Commercial General Liability (CGL): Insurance Services Office Form CG 00 01 covering CGL on an "occurrence" basis, including products and completed operations, property damage, bodily injury and personal & advertising injury with limits no less than \$1,000,000.00 per occurrence. If a general aggregate limit applies, either the general aggregate limit shall apply separately to this project/location (ISO CG 25 03 05 09 or 25 04 05 09) or the general aggregate limit shall be twice the required occurrence limit.

4.1.3. Automobile Liability: ISO Form Number CA 00 01 covering any auto (Code 1), or if Provider has no owned autos, covering hired, (Code 8) and non-owned autos (Code 9), with limit no less than \$1,000,000.00 per accident for bodily injury and property damage.

4.1.4. Requested Liability limits can be provided on a single policy or combination of primary and umbrella, so long as the single occurrence limit is met.

4.2 The insurance policies are to contain, or be endorsed to contain, the following provisions:

4.2.1. Additional Insured Status: The City, its officers, officials, employees, and volunteers are to be covered as additional insureds on the CGL policy with respect to liability arising out of work or operations performed by or on behalf of the Provider including materials, parts or equipment furnished in connection with such work or operations. General liability coverage can be provided in the form of an endorsement to the Provider's insurance (at least as broad as ISO Form CG 20 10 11 85 or both CG 20 10, CG 20 26, CG 20 33, or CG 20 38; and CG 20 37 forms if later revisions used).

4.2.2. Primary Coverage: For any claims related to this contract, the Provider's insurance coverage shall be primary insurance coverage at least as broad as ISO CG 20 01 04 13 as respects the City, its officers, officials, employees, and volunteers. Any insurance

or self-insurance maintained by the City, its officers, officials, employees, or volunteers shall be excess of the Provider's insurance and shall not contribute with it.

4.2.3. Notice of Cancellation: Each insurance policy required above shall provide that coverage shall not be canceled, except with notice to the City.

4.2.4. Waiver of Subrogation: Provider hereby grants to the City a waiver of any right to subrogation which any insurer of said Provider may acquire against the City by virtue of the payment of any loss under such insurance. Provider agrees to obtain any endorsement that may be necessary to affect this waiver of subrogation, but this provision applies regardless of whether or not the City has received a waiver of subrogation endorsement from the insurer.

4.2.5. The Workers' Compensation policy shall be endorsed with a waiver of subrogation in favor of the City for all work performed by the Provider, its employees, agents, and subcontractors.

4.2.6. Self-Insured Retentions: Self-insured retentions must be declared to and approved by the City. The City may require the Provider to purchase coverage with a lower retention or provide proof of ability to pay losses and related investigations, claim administration, and defense expenses within the retention.

4.2.7. Acceptability of Insurers: Insurance is to be placed with insurers authorized to conduct business in the state with a current A.M. Best's rating of no less than A:VII, unless otherwise acceptable to the City.

4.3. Claims Made Policies: If any of the required policies provide claims-made coverage:

4.3.1. The Retroactive Date must be shown, and must be before the date of the contract or the beginning of contract work.

4.3.2. Insurance must be maintained and evidence of insurance must be provided for at least five (5) years after completion of the contract of work.

4.3.3. If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a Retroactive Date prior to the contract effective date, the Provider must purchase "extended reporting" coverage for a minimum of five (5) years after completion of work.

4.4. Verification of Coverage: Provider shall furnish the City with original certificates and amendatory endorsements or copies of the applicable policy language effecting coverage required by this clause. All certificates and endorsements are to be received and approved by the City before work commences. However, failure to obtain the required documents prior to the work beginning shall not waive the Provider's obligation to provide them. The City reserves the right to

require complete, certified copies of all required insurance policies, including endorsements required by these specifications, at any time.

4.5. Special Risks or Circumstances: The City reserves the right to modify these requirements, including limits, based on the nature of the risk, prior experience, insurer, coverage, or other special circumstances.

## **SECTION FIVE INDEPENDENT CONTRACTOR**

Provider, its employees, subcontractors, and agents are independent contractors and not employees of the City. No approval by the City shall be construed as making the City responsible for the manner in which Provider performs the Services or for any negligence, errors, or omissions of Provider, its employees, subcontractors, or agents. All City approvals are intended only to provide the City the right to satisfy itself with the quality of the Services performed by Provider. The City acknowledges and agrees that Provider retains the right to contract with other persons in the course and operation of Provider's business and this Agreement does not restrict Provider's ability to so contract.

## **SECTION SIX INDEMNIFICATION**

Notwithstanding any of the insurance requirements or limits of liability set forth herein, the Provider shall defend, protect, indemnify, and hold harmless the City, and its officers, agents, and employees, from any liabilities, claims, damages, losses, expenses, proceedings, suits, actions, decrees, judgments, reasonable attorneys' fees, and court costs which the City suffers, and/or its officers, agents or employees suffer, as a result of, or arising out of, the negligent or intentional acts or omissions of the Provider, its agents, and employees, or anyone employed by any of them, in fulfillment or performance of the terms, conditions or covenants of this Agreement including, without limitation, compliance with the terms of Exhibit A. This Section Six shall survive the completion of the Project, if applicable, and the termination or expiration of this Agreement until such time as the applicable statutes of limitation expire.

## **SECTION SEVEN CONFIDENTIALITY AND AUTHORIZATION FOR ACCESS TO CONFIDENTIAL INFORMATION**

7.1. Provider shall treat all information relating to the Services and all information supplied to Provider by the City as confidential and proprietary information of the City and shall not permit its release by Provider's employees, agents, or subcontractors to other parties or make any public announcement or release thereof without the City's prior written consent, except as permitted by law.

7.2. Provider hereby certifies that it has conducted, procured or reviewed a background check with respect to each employee, agent, or subcontractor of Provider having access to City personnel, data, information, personal property, or real property and has deemed such employee,

agent, or subcontractor suitable to receive such information and/or access, and to perform Provider's duties set forth in this Agreement. The City reserves the right to refuse to allow any of Provider's employees, agents or subcontractors access to the City's personnel, data, information, personal property, or real property where such individual does not meet the City's background and security requirements, as determined by the City in its sole discretion.

## **SECTION EIGHT TERMINATION**

The City, through its City Manager or his/her designee, may terminate this Agreement at any time with or without cause upon notice to the Provider, and the City shall have no liability to the Provider for such termination except that the City shall pay the Provider for the reasonable value of the Products provided and installed by the Provider to City up through and including the date of termination, provided that the Provider, within thirty (30) days following the date of the City's termination notice, submits an invoice for such Products in a form reasonably acceptable to the City and such invoice is supplemented by such underlying source documentation as is reasonably requested by the City.

## **SECTION NINE NOTICES**

9.1. All notices, demands, and other instruments required or permitted to be given pursuant to this Agreement shall be in writing and be deemed effective upon delivery in writing if served by personal delivery, by overnight courier service, by facsimile, or by overnight express mail, or upon posting if sent by registered or certified mail, postage prepaid, return receipt requested, and addressed as follows:

Provider further recognizes that, while Provider is performing any work on behalf the City, under the terms of this Agreement, Provider agrees that it has the sole and exclusive responsibility to assure that its employees and the employees of its subcontractors comply at all times with all applicable safety and health standards as above-described and all applicable City safety and health rules.

10.2. Safety Equipment. Provider will supply all of its employees and subcontractors with the appropriate Safety equipment required for performing functions at the City facilities.

## **SECTION ELEVEN MISCELLANEOUS**

11.1. Nevada and City Law. The laws of the State of Nevada and the North Las Vegas Municipal Code shall govern the validity, construction, performance, and effect of this Agreement, without regard to conflicts of law. The parties to this Agreement consent to the jurisdiction of any court of competent jurisdiction in Clark County, Nevada to adjudicate any dispute related top this Agreement or actions to enforce or interpret the terms of this Agreement.

11.2. Assignment. Any attempt to assign this Agreement by the Provider without the prior written consent of the City shall be void.

11.3. Non-Waiver. The failure to enforce or the delay in enforcement of any provision of this Agreement by a party shall in no way be construed to be a waiver of such provision or right unless such party expressly waives such provision or right in writing.

11.4. Partial Invalidity. If any term of this Agreement should be held by a court of competent jurisdiction to be invalid, void or unenforceable, all provisions not held invalid, void or unenforceable, shall continue in full force and effect.

11.5. Controlling Agreement. To the extent any of the terms or provisions in Exhibit A conflict with this Agreement, the terms and provisions of this Agreement shall govern and control. Any additional, different or conflicting terms or provisions contained in Exhibit A or any other written or oral communication from Provider shall not be binding in any way on the City whether or not such terms would materially alter this Agreement, and the City hereby objects thereto.

11.6. Attorneys' Fees. In the event any action is commenced by either party against the other in connection with this Agreement, the prevailing party shall be entitled to its costs and expenses, including reasonable attorneys' fees, as determined by the court, including without limitation, fees for the services of the City Attorney's Office. This Section 11.6 shall survive the completion of this Agreement until the applicable statutes of limitation expire.

11.7. Entire Agreement. This Agreement constitutes the entire agreement between the parties and supersedes all prior representations, agreements, and understandings of the parties. No addition to or modification of this Agreement shall be binding unless executed in writing by the parties hereto.

11.8. Time of Essence. Time is of the essence in the performance of this Agreement.

11.9. Shipping. The Products are to be packaged in a manner that assures they are protected against deterioration and contamination. All shipments are to meet applicable D.O.T. Regulations. Serial numbers noted on the packing slip must match the serial number of the actual goods shipped. Incorrect or questionable documentation of serial numbers may result in shipment rejection. Shipments rejected due to Provider error will be returned solely at Provider's cost.

11.10. Inspection. An authorized representative of the City will inspect the Products at time of delivery. If deficiencies are detected, the Products may be rejected and the Provider will be required to make necessary repairs, corrections, or replacements. Payment and/or commencement of a discount period will not be made until the corrective action is made, the Products are re-inspected, and accepted.

11.11. Further Assurances. The Provider shall execute and deliver all such documents and perform such acts as are reasonably requested by the City to complete its obligations under this Agreement.

11.12. Effect of Agreement Termination. In the event this Agreement is terminated, all rights and obligations of the parties hereunder shall cease, other than indemnity obligations, and matters that by their terms survive the termination hereof.

11.13. Fiscal Funding Out. The City reasonably believes that sufficient funds can be obtained to make all payments during the term of this Agreement. Pursuant to NRS Chapter 354, if the City does not allocate funds to continue the function performed by the Provider under this Agreement, this Agreement will be terminated when appropriated funds expire.

11.14. Public Record. Pursuant to NRS 239.010 and other applicable legal authority, each and every document provided to the City may be a "Public Record" open to inspection and copying by any person, except for those documents otherwise declared by law to be confidential. The City shall not be liable in any way to the Provider for the disclosure of any public record, including but not limited to documents provided to the City by the Provider. In the event the City is required to defend an action with regard to a public records request for documents submitted by the Provider, the Provider agrees to indemnify, hold harmless, and defend the City from all damages, costs, and expenses, including court costs and reasonable attorney's fees related to such public records request. This section 11.14 shall survive the expiration or early termination of the Agreement.

11.15. Electronic Signatures. For purposes of this Agreement, the use of facsimile, email or other electronic medium shall have the same force and effect as original signatures.

11.16. Federal Funding. Supplier certifies that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, in receipt of a notice of proposed debarment or voluntarily excluded from participation in this transaction by any federal department or agency. This provision shall be required of every subcontractor receiving any payment in whole or in part from federal funds.

11.17. Boycott of Israel. Pursuant to NRS 332.065(4), Provider certifies that the Provider is not currently engaged in a boycott of Israel, and Provider agrees not to engage in a boycott of Israel during the Term.

## **BLANKET ADDITIONAL INSURED**

### **(Includes Products-Completed Operations If Required By Contract)**

This endorsement modifies insurance provided under the following:  
COMMERCIAL GENERAL LIABILITY COVERAGE PART

#### **PROVISIONS**

The following is added to **SECTION II – WHO IS AN INSURED**:

Any person or organization that you agree in a written contract or agreement to include as an additional insured on this Coverage Part is an insured, but only:

- a.** With respect to liability for "bodily injury" or "property damage" that occurs, or for "personal injury" caused by an offense that is committed, subsequent to the signing of that contract or agreement and while that part of the contract or agreement is in effect; and
- b.** If, and only to the extent that, such injury or damage is caused by acts or omissions of you or your subcontractor in the performance of "your work" to which the written contract or agreement applies. Such person or organization does not qualify as an additional insured with respect to the independent acts or omissions of such person or organization.

The insurance provided to such additional insured is subject to the following provisions:

- a.** If the Limits of Insurance of this Coverage Part shown in the Declarations exceed the minimum limits required by the written contract or agreement, the insurance provided to the additional insured will be limited to such minimum required limits. For the purposes of determining whether this limitation applies, the minimum limits required by the written contract or agreement will be considered to include the minimum limits of any Umbrella or Excess liability coverage required for the additional insured by that written contract or agreement. This provision will not increase the limits of insurance described in Section III – Limits Of Insurance.
- b.** The insurance provided to such additional insured does not apply to:

- (1)** Any "bodily injury", "property damage" or "personal injury" arising out of the providing, or failure to provide, any professional architectural, engineering or surveying services, including:

- (a)** The preparing, approving, or failing to prepare or approve, maps, shop drawings, opinions, reports, surveys, field orders or change orders, or the preparing, approving, or failing to prepare or approve, drawings and specifications; and

- (b)** Supervisory, inspection, architectural or engineering activities.

- (2)** Any "bodily injury" or "property damage" caused by "your work" and included in the "products-completed operations hazard" unless the written contract or agreement specifically requires you to provide such coverage for that additional insured during the policy period.

- c.** The additional insured must comply with the following duties:

- (1)** Give us written notice as soon as practicable of an "occurrence" or an offense which may result in a claim. To the extent possible, such notice should include:

- (a)** How, when and where the "occurrence" or offense took place;

- (b)** The names and addresses of any injured persons and witnesses; and

- (c)** The nature and location of any injury or damage arising out of the "occurrence" or offense.

- (2)** If a claim is made or "suit" is brought against the additional insured:

## COMMERCIAL GENERAL LIABILITY

- (a) Immediately record the specifics of the claim or "suit" and the date received; and
  - (b) Notify us as soon as practicable and see to it that we receive written notice of the claim or "suit" as soon as practicable.
- (3) Immediately send us copies of all legal papers received in connection with the claim or "suit", cooperate with us in the investigation or settlement of the claim or defense against the "suit", and otherwise comply with all policy conditions.
- (4) Tender the defense and indemnity of any claim or "suit" to any provider of other insurance which would cover such additional insured for a loss we cover. However, this condition does not affect whether the insurance provided to such additional insured is primary to other insurance available to such additional insured which covers that person or organization as a named insured as described in Paragraph 4., Other Insurance, of Section IV – Commercial General Liability Conditions.

**THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.**

## **XTEND ENDORSEMENT FOR MANUFACTURERS AND WHOLESALEERS**

This endorsement modifies insurance provided under the following:

### **COMMERCIAL GENERAL LIABILITY COVERAGE PART**

**GENERAL DESCRIPTION OF COVERAGE** – This endorsement broadens coverage. However, coverage for any injury, damage or medical expenses described in any of the provisions of this endorsement may be excluded or limited by another endorsement to this Coverage Part, and these coverage broadening provisions do not apply to the extent that coverage is excluded or limited by such an endorsement. The following listing is a general coverage description only. Read all the provisions of this endorsement and the rest of your policy carefully to determine rights, duties, and what is and is not covered.
