STAFF COMMENTS AND BACKGROUND INFORMATION:

Staff believes that installing a dual mini-pitch outdoor soccer arena would be a great way to increase outdoor soccer activities and programming to the surrounding community and citywide. The City's Park's Department will program leagues and special events to maximize the usage of the Mini-Pitch arena.

The cost of the mini-pitch systems, including installation services is approximately \$200,000. However, the US Soccer Foundation is providing a discount of \$60,000 in exchange for the ability to use the facilities once a year for the next five years and for the ability to publicize their contribution on media outlets. The City's monetary obligation will only be \$140,000.

The US Soccer Foundation, Inc. is the sole provider of these mini-pitch systems.
