### STAFF COMMENTS AND BACKGROUND INFORMATION:

On November 1, 2020, the City entered into an agreement with Safety National for its Excess Workers Compensation Insurance coverage. The City was notified by its broker that the renewal process for the Excess Workers Compensation insurance coverage should begin on August 10. The City forwarded the required information, and received the attached proposal September 14. The renewal terms represent a rate increase of 21.99% from expiring premium; however, the City experienced an 7.98% increase in payroll. The increase of annual payroll, Nevada presumptive liability laws, and the limited excess workers compensation markets for municipalities with Police and Fire exposure all contributed to the increase this year. The expiring premium was \$226,664.
